Appeal

Filed By: Supervisor of Elections

Against: Torch Party

Date Appeal was Heard: October 22, 2013

Vice-Chair L. Hebb delivers the unanimous opinion of the Commission.

The facts are as follows: The Torch Party failed to submit a party contribution statement by the first Wednesday of active campaigning as required under § 714.4 b of the student body statutes.

While the torch party maintains that it submitted contribution information this was not received until the final expense statement was filed. Further it was not submitted on the online form provided by the supervisor of election via a qualtrics online survey. As such the Commission has no choice but to sustain this violation.

This violation is the 8th schedule one violation that this commission has sustained against the Torch Party. As such we assess a $100 fine under §716.2 A 4.

The Violation is sustained.
