Purpose of funds: Meet Your New Board Members

We would like to provide Smoothies on the green to end the semester and introduce the new Board Members who will run BLS for the 2023-2024 school year. This time of year, as the weather is heating up, BLS couldn't imagine a better way that to welcome in the new board and introduce them to our members. Especially, since over half of our board is graduating and with our elections coming to an end. The 2022 - 2023 school year was full of other wonderful activities by BLS and collaborations and we hope to continue our mission of spreading knowledge, connections, and opportunities under the business law umbrella to all FSU Law Students. We know the board will do a great job in keeping alive our mission and making each year better than the last. Additionally, with finals approaching and another wave of students coming in the fall, shouldn't we celebrate with refreshing smoothies to welcome in our new board and all the possibilities and opportunities yet to come.

Purpose of funds: Legal Hackathon

Facing the legal and technological challenges of the future will require innovation and collaboration. That is why the Technology and Entrepreneurship Club is introducing a new kind of competition at FSU Law. We are inviting teams of students to identify a current or foreseeable problem within the legal profession and then develop a technological solution. After forming a team, participants will identify a problem and develop a solution--teams are encouraged to think outside the box. Then, teams will create a pitch deck to explain and promote their idea/solution to present in front of judges on competition day. * How will you advertise the ev
