Questions:

- What are the funds for?
 - For this event, we have invited a College of Medicine faculty member, Dr. Van Durme, to speak about his experiences with Nicaraguan healthcare. In the past, before COVID, Dr. Van Durme was involved in medical mission trips to Nicaragua where he provided medical care to the local population in addition to helping medical students gain hands-on experience. This event will allow Dr. Van Durme to share his experiences and inform medical students about the various limitations of the Nicaraguan healthcare system. Additionally, we hope that this event can help illustrate some of the unique techniques that healthcare providers must employ to adapt and give adequate care in resource-poor settings.
 - Event will be advertised via email.
 - Note: Advised RSO to ensure visitors/speakers are comfortable with food being served and RSO is in charge of distributing the food with masks per FSU COVID guidelines.
- **Note: Approved for a total of \$95.00**
 - *Reminded RSO to have taxes removed from purchase*
