**DISCUSSION**

**Allocation of subcommittees to representatives.**

We have the following subcommittees:

- Parking & Transit
- Housing & Dining
- Library
- Health & Wellness
- Social & Community Programming

For the new representatives, the purpose of these subcommittees is for representatives to work closely with university officials in these areas to find ways to make graduate student life easier at FSU. The associated tasks include but are not limited to reaching out/attending meetings with university officials, listening to and finding solutions to problems brought forward by graduate students in your assigned area.

Each subcommittee is expected to provide a progress report at each Student Affairs meeting.

For now, the subcommittees have the following representatives.

- Library – Debbie Gerardi
- Health & Wellness – Matt Uttermark, Jennifer Zhang
- Social & Community Programming – Jorge Hernandez

We have a total of 10 representatives in Student Affairs right now, so I would like to have a fair distribution amongst the subcommittees. Below is the total number of representatives needed and number of open slots:

- Parking & Transit ( 2 representatives; 2 open slots)
• Housing & Dining (2 representatives; 2 open slots)
• Library (1 representative, 0 open spot)
• Health & Wellness (2 representatives, 0 open spot)
• Social & Community Programming (3 representatives; 2 open spots).

Open Executive Committee Position.

We are still looking for volunteers for the position of secretary.

TO DO

Send out Doodle Poll for next meeting date

Everyone has to pick a subcommittee to be on, will start a google sheet for that.
