Who We Are
COGS is the body of student government that officially represents the graduate students at Florida State University including: post-baccalaureate, special, masters, specialist, professional, and doctoral students. We are comprised of representatives from all 15 colleges and schools as well as special advocates that are elected every Fall semester.

What We Do
We provide an official voice for the opinions of graduate students to be expressed via Resolutions. We also provide funding to graduate students in the form of travel grants and funds to recognized student organizations for programs and activities. All of these decisions are made by the representatives and voted on during our bi-monthly meetings.

How To Get Involved
Elections for each representative seat are held every Fall semester during Student Government elections and voted on by graduate students in the respective college. Vacant seats can be filled at any time by petition into the assembly which can be found online at: http://sga.fsu.edu/cogs-req2b.shtml - Or Scan our QR code to take you directly to our home page!
