**Announcements:**

- **Vice-Chair Bogle:** I just wanted to thank you all for being supportive of my learning process as vice-chair and as a senator. I reached out to every single one of you before my first finance meeting, unknowing of what to expect, and none of you disappointed with your kindness and candor. Saying this summer was turbulent is an understatement, but I still have faith that at the end of the day, all of you really do care about the students of Florida State University. SGA parties, other influencing entities, and other things should take a backseat to what is right for the student body. We are elected and appointed members of this body here to represent FSU, and they deserve our utmost attention. I am confident that in this committee specifically, we have done so. Finance has been nothing but a positive experience for me. I am grateful to you, our student leaders, for making this a memorable journey. All of you put your differences aside to make this a productive, respectful committee. Thank you for choosing me to represent you all. I hope to see you all within SGA again, and I hope when I do that we have the same cooperative air about us as we did in this Finance committee. I sincerely wish nothing but the best for each and every one of you. Thank you.
- **Chair Adamyk:** It's been great having you on the committee, everything was so peaceful because we didn't have PAC and RTAC, I'm grateful to all of you as well and I hope to see you in SGA again as well.
