

REFERENDUM

We the students of Florida State University believe in maintaining equality of access to higher education for all students.

We therefore support the classification of Florida State University as a sanctuary campus for undocumented students.

In particular, we want the FSU administration to guarantee that no FSU agencies will release the immigration status of students to Immigration and Customs Enforcement (ICE) or allow ICE to come on campus. We also want the FSU administration to guarantee that undocumented students residing in Florida will continue to receive in-state tuition waivers. We also want the FSU administration to guarantee that any tuition assistance for Deferred Action for Childhood Arrivals (DACA) or undocumented student that has already been awarded will not be withheld or revoked on the basis of their legal status.
