A MESSAGE FROM THE EXECUTIVE CABINET

Welcome back Noles!

This year, our vision is to advocate for each member of the Student Body, as we commit to working toward improving the student experience for those who call Florida State University home. It is through the passion and dedication from people like you that will provide the collaboration we need to achieve these goals.

GETTING INVOLVED

Engage~Govern~Explore~Advocate

The Student Government Association at Florida State University is an expansive and diverse body. Divided into three branches; The Executive, Legislative and Judicial, our organization is comprised of more than 150 students. The primary function of SGA is to represent and advocate for the entire student body at Florida State. In this mission, each student of the university pays a $12.86 activity & service (A&S) fee for every credit-hour in which they are enrolled. This adds up to nearly $14 million.

SGA uses these funds to provided services to all students i.e (Leach Recreation Center, Askew Student Life Cinema, etc.). The SGA also allocates and distributes funds to numerous student projects and our more than 600 student organizations.

Here at Florida State University we belive that every student is already a member of the Student Government Association. SGA has many ways for you to take on a leadership role, serve in the Senate or use to make Florida State even better. Any student can take on a role in SGA. Freshmen are allowed and encouraged to become involved in SGA, in fact there are many Freshmen currently serving in the SGA! If you share in our mission at SGA then please visit our website (sga.fsu.edu) for more info on how to join and become involved. At FSU opportunities are endless and the rewards are boundless. Our University is already greater today because YOU have choosen to call it home so lets work together to make it even greater.

SGA SPOTLIGHT:

DEMETRIUS WINN

Demetrius Winn is a 3rd year student here at Florida State University Double Majoring in Editing Writing and Media Communication Studies. He was born in Honolulu, Hawai‘i but has lived in Tampa, Florida for 10 years. Demetrius is passionate about contributing to solving many of the worlds humans rights issues which has led to his involvement with organizations such as The Pride Student Union and PeaceJam Southeast. He hopes that one day he can use media to positively and accurately portray minority communities in order to fight against many of the stereotypes of mainstream media and offer positive role models for youth across the nation.

Demetrius now serves in the Executive Cabinet as the Secretary for Accessibilitiy
