**Opening Remarks:**

- Chair
  - Land Acknowledgement:
    - The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

- **RSO Presentation:**

- SASE is dedicated to the advancement of Asian heritage scientists and engineers in education and employment so that they can achieve their full career potential. In addition to professional development, SASE also encourages members to contribute to the enhancement of the communities in which they live.

- All interested students who wanted to attend were selected to attend as there is no limit on the number of students who can

- attend this conference.

- The trip was posted on our Instagram story for any followers to be informed. In addition, we promoted and advertised the event at our last general body meeting on January 31st.

- This would be the first in-person SASE conference that FSU students would be in attendance at. SASE is a new organization at FSU, so this would help with promoting STEM at Florida State and bringing awareness to the new SASE chapter at FSU. In addition, it would help students make connections, speak to potential employers, and network with SASE members at other universities. The knowledge gained by students at this conference and connections made could benefit the chapter by improving the FSU SASE chapter with new ideas and guest speakers for future events.

- **Deliberations:**

**Questions-** How did you advertise this event? Are you financially certified? **-yes**

**-Caro Sena:** Motion to strike out the line item of registration from \$90 to \$0, which causes the total to shift down to \$320.08.

Seconded

**Votes: to leave mileage at \$97.01 and lodging at \$225**
