

# COMMUNITY CONNECTIONS

## ACADEMIC OPPORTUNITIES

FSU offers opportunities for students to learn more about Asian language and culture through courses, major, and minors. Students have enjoyed learning through the following courses:

***East Asian Languages and Cultures:*** provides instruction in Japanese and Chinese, with an emphasis throughout on cultural communication.

***Asian Studies:*** an international area-studies program designed to develop a student's competence in the language, history, culture, and the contemporary political and economic setting of Asia, broadly defined as including East Asia, South Asia, and the Middle East.

## ENGAGE WITH TALLAHASSEE!

***Asian Coalition of Tallahassee (ACT):*** an umbrella organization that aims to unite various Asian communities within the Tallahassee area, and promote and share our rich Asian cultural heritage with the local community through community activity involvement and cultural events.

***Experience Asia:*** an annual festival that happens every fall celebrating Asian culture and heritage in downtown Tallahassee.

## CAMPUS ORGANIZATIONS AND RESOURCES

There are over **10** Recognized Student Organizations that represent different Asian cultures, including multicultural fraternities and sororities! Organizations range from culture and language to dance and academics.

A list can be found at [sga.fsu.edu/aasu](http://sga.fsu.edu/aasu).

## CULTIVATING LEADERSHIP

The AASU ***Leadership Exploration and Development (LEAD)*** program helps students develop their leadership and professionalism skills. Participants will shadow AASU's board during small and large events, and host their own event in the spring.

The SGA ***Diversity & Inclusion Institute*** is an 8-week program held in the Spring Semester where participants are challenged to gain knowledge about how to support fellow students with various identities to create a more united campus.

The Leadership Learning Research Center offers the Undergraduate Certificate in Leadership Studies to prepare students for leadership in multiple contexts. Email [Leadership-Studies@fsu.edu](mailto:Leadership-Studies@fsu.edu) to schedule your advising appointment today!

## ASIAN AMERICAN STUDENT UNION

The Asian American Student Union was created to better represent the Asian American community at the Florida State University and to spread awareness about Asian heritage and culture. Annually, AASU hosts several educational and social events that promote Asian culture and awareness to common Asian American Pacific Islander (AAPI) issues faced today. Join them for their monthly General Body Meetings, Fall Week, Winter Formal, Lunar Banquet, and Asian American Heritage Month!
