Transfer from Senate Projects

BE IT ENACTED BY THE SEVENTY-SIXTH STUDENT SENATE THAT:

A transfer of \$ 4,380 from Senate Projects to FSU Libraries to fund four types of calculators. This would allow libraries to extend loan periods on calculators and expand options for students by making them more accessible. This money would go towards funding financial, 4-function, graphing, and scientific calculators. It would provide 20 of each kind, split up into 10 per library. This allocation would also prove beneficial, allowing libraries to expand on this later by creating more extended loan periods for the calculators now that they will have more.
