Whereas: Florida State University students and faculty do not pay additional fees for parking spots in their respective designated lots on campus, and

Whereas: The FSU Parking and Transportation Services Website states that “Permits are valid August 15 of the first year through August 15 of the following year for currently enrolled students, faculty, and staff (except Payroll Deduction and Visitor Permits),” and

Whereas: Over the course of the past year, parking spots in multiple ground lots and garages around campus have been converted to “Pay to Park” spots, and

Whereas: These paid parking spots only benefit those who have the privilege and financial means to pay for “luxury” parking spots rather than the entire student body, and

Whereas: The paid parking spots were formerly parking spots in which anyone with a valid corresponding FSU permit could park in, and

Whereas: FSU students regularly complain about parking and ask what their SGA representatives can do to fix it, and

Whereas: Multiple constituents have reported that these Pay to Park spots are frequently left unused, and

Whereas: If FSU wanted to convert some of the parking spots on campus to a special permit, they could have enhanced campus sustainability initiatives and added charging stations to more garages.

Be it resolved by the Seventy-third Student Senate at Florida State University that: we recognize that Pay to Park does absolutely nothing to benefit our constituents.

Be it further resolved that: the Seventy-third Student Senate at Florida State University recognizes that this new parking system only adds to systemic issues regarding elitism facing various communities around our campus.

Be it further resolved that: the Seventy-third Student Senate at Florida State University thus condemns the conversion of previously free and accessible parking spots to a paid luxury.

Be it further resolved that: a copy of this resolution is sent to:
Kyle Clark, Vice President for Finance and Administration
Dr. Amy Hecht, Vice President for Student Affairs

73rd STUDENT SENATE Senate Resolution

Resolution #: 71

Co-Sponsor(s): Lessard, Tackett
Date: September 14, 2021

Whereas: Florida State University has a pre-existing FSU Alert System on multiple platforms including the social media application Twitter, email, mobile SMS, and

Whereas: FSU Alert has historically been used to let students know about incidents on campus such as armed robberies and physical assaults, and

Whereas: Our peer universities, namely Auburn University, utilize their “Campus Safety” accounts on widely-used platforms such as Instagram to let students know about reported sexual assaults in on-campus buildings and locations affiliated with campus organizations such as surrounding streets, campus recreation facilities, and fraternity and sorority houses, and

Whereas: Such incidents are reported in a way that protects the identity of the victim and accused perpetrator as legally required, and

Whereas: Students across the country at various institutions are organizing against the systemic nature of hiding sexual assaults on campus and in campus-affiliated locations, and

Whereas: In compliance with the Clery Act, all colleges and universities that receive federal funding are required to disclose information regarding crime on OR NEAR and the university’s campus, even if the incident is disclosed by a third party, and

Whereas: Florida State University currently interprets this to only include on-campus reports, and

Whereas: Peer universities interpret this to include incidents in areas near campus that are explicitly or implicitly affiliated with the university, and

Whereas: The Student Senate has installed a Sexual Assault Survivor's Advocacy Ad Hoc Committee in multiple senate sessions, and

Whereas: The Torchlight Campus Policy Center published a report about sexual crimes on campus that includes the fact that less than 0.1% percent of students (38 reports) had their reports included in the 2016 Annual Security and Fire Report, and

Whereas: The ACHA-NCHA II survey that same year recorded over 10% of participants on college campuses that has experienced non-consensual sexual experiences, and

Whereas: It is possible that Florida State University is under-reporting the amount of sexual crimes on campus as a result of not including areas that are off campus but implicitly affiliated with the university due to the nature of the people that visit those areas, and

Whereas: Victims can call (850) 644-7161, text (850) 756-4320, email Victims-Advocate@fsu.edu, or call FSUPD at (850) 644-1234 if they are in need of any assistance.

Be it resolved by the Seventy-third Student Senate at Florida State University that: FSU Alert should expand its content to alert students about crimes, including sexual assaults, that occur around campus, in addition to those on campus that are currently pushed out.

Be it further resolved that: the Student Senate encourages FSU Alert to expand to platforms more regularly used by our students such as Instagram.

Be it further resolved that: the Student Senate encourages Florida State University to adopt an interpretation of the Clery Act that includes incidents near campus in areas that FSU students frequently traffic.

Be it further resolved that: the Student Senate stands with survivors of power based personal violence on our campus, including those whose stories have gone untold and underreported.

Be it further resolved that: the Student Senate encourages students to pressure the university into being transparent with this information such that students are aware of places to avoid.

Be it lastly resolved that: a copy of this resolution is sent to the following:

Justin Maloy, Interim Chief of Police

Dr. Amy Hecht, Vice President for Student Affairs

Dr. Richard McCullough, President of Florida State University
