Elections: Interim Deputy Speaker of Communications

Nominations:

Ahlbum- Previously worked with a fraternity, did a lot of work with recruitment. Plenty of time to commit to this this summer.

Collins- 8 years here at FSU, experience studying communications. Desire to create an outreach plan. Desire to take on this role in the future.

Questions: Graves: (both) do you have the time to commit?

Ahlbum: I work hourly, and it wouldn't be an issue to devote time to COGS this summer.

Collins: Very flexible schedule this summer.

Sangokunle: short-term plans for COGS?

Ahlbum: gaining more of a social media presence, noticed that our twitter only has 300 followers

Collins: incorporating questionnaires for student involvement and building a newsletter.

Creigh: future plans to take on this role after current Deputy Speaker of Communications graduates.

Ahlbum: just for now, graduating very soon (fall or spring)

Collins: plan on graduating in 2023, and would like to take on the role

Harshe: outreach to international students?

Ahlbum: accept feedback from all students

Collins: providing different ways to respond and interact, new events, etc.

Pros: Hirsch: either candidate would do a great job. Rep Collins is very active on social media and has great outreach skills for speech language pathologists.

Cons: n/a

Vote: 1:8:0

- **The Report of the Deputy Speaker of Judicial Affairs:** still working on onboarding.

Funding Requests:

- Rep. Hirsch presenting bill 11: funding request to transfer 68,000 to FSU childcare: disinfecting supplies and toys for the childcare center.
- Pros: Collins: essential as parents transition to the workplace and demand for childcare rises.
- Cons: N/A
- Motion: motion to call to question: Morgan; seconded: Dep Speaker Creigh.
- **Vote: 11:0:0**

Unfinished Business: Hagemeyer presenting Bills 6-10. Deadline, May 28th.

Endowment fund shot down by the Board of Governors. Statute interpreted to mean only capital products may be supported by an endowment fund. An account may be set up that may last for 35 years to protect it from sweepings process. Great Give funds (15 grand) may be put in an endowment fund.

- 3m of questions:
 - Wiley: so, we are certain these will be held until further notice for this particular purpose?
- Some good faith, but we did get written confirmation that we can keep it safe for only that use. Let me show you the written agreement.
- Deputy Speaker Sizemore moved to extend 2min, seconded by Ahlbum.
 - Graves: I would hate for that money to be unprotected. Specific language re: what it can/cannot be used for?
 - Morgan: proviso language in the budget, perhaps language stating frequency of usage. (annual scheduled maintenance).
- Language may lock us into something unnecessarily.
 - Committee to handle requests?
- Maclain Benton would be (most likely) point of contact.
 - Sizemore: I think the language is exclusionary enough.
 - Wiley: distinct account for our cause should exist.
- Will keep you posted about what option we deem safest and most perennial.
- We don't have any other options with that deadline of Friday.
 - Graves: how soon can we expect to have an account of our own?
- That timeline is pretty hard to determine.
- We're just looking for language to protect it for now, we may amend it later. Purpose to keep them from using it on something else while we prepare the account. Specifically, "tom project AEDs"
 - Morgan: "use of this money cannot begin until creation of a separate account for these funds"
 - Suggested Changes: specify Tom Project AEDs, spell out AED in the second sentence, *and add "separate account for these funds", and expressly define maintenance.*
- Pros: Sizemore; good response to a change in situation, concise and they work well.
- Cons: n/a
- Amendment: Hagemeyer: move to amend purpose and description to specify Tom Project AEDs and spell out AED acronym in the second sentence.
- Seconded by Rep Morgan
- Pros: Sizemore: even the worst possible attorneys could defend this to support COGS, which is all we are really looking for.
- Cons: N/A
- Motion to call to question; Morgan; Seconded by Collins.
- Objections: none

Vote on amendment: 10:0:1 passed.
