Holi is a festival of colors celebrated in Spring all over India. It is an important festival that preserves the Indian culture. In this far-off land, the main purpose of celebrating this festival is to get a taste of the event here. We would like to arrange for colors and serve a sumptuous lunch for the students who join us. The goal is also to encourage other students from FSU join us who want to know more about our culture.

In this mission, we would like to place order for colored powder on Amazon, get authentic Indian cuisine from Persis Indian Restaurant and pick up some cutlery items such as disposable plates, spoons, tissues and hand sanitizers from Publix. The rest of the costs will be covered by a fundraising event from the Fall.

* How will you advertise the event?
  We have a flyer ready and once we get a budget approval, we would circulate the flyer on social media. We also plan to put up a few posters around the campus.

* Is the event free and open to all Florida State University Students?
  Yes

* Is there a charge to attend for non-FSU students?
  No

Resolution

31st Congress of Graduate Students

Resolution #: 01

Primary Sponsor: Karl Kramer, MSC President

Date: February 6, 2023

Whereas: COGS Code Chapter 201.6 regarding COGS General Restrictions on Spending states that “All events funded in whole, or in part, by COGS Funds or derivative resources must be equally accessible to all enrolled graduate students at Florida State University or serve a legitimate academic purpose. All purchases for events held off of the Florida State University campus require the approval of the Assembly by resolution in a majority vote”. This restriction included all RSO events on campus, requesting COGS funds.

Be it resolved by the 30th Congress of Graduate Students of Florida State University that: Upon the majority vote of this assembly, COGS Code Chapter 201.6 will then allow Wilderness Medical Society Shelter Skills and Exposure Training to take place.

Be it further resolved by the 30th Congress of Graduate Students of Florida State University that: COGS Code Chapter 201.6, solely allows for WMS to host an overnight outdoor event to expose attendees to survival and medical skills related to the risks of exposure and shelter building. The event will include a short hike to a campsite where attendees will be taught basics to shelter building and will be able to implement those skills, as well as understanding the importance of why shelter is necessary in emergency medical situations in the wilderness if medical care is not readily available. Other skills related to exposure will be taught such as methods to treat hypo/hyperthermia, providing sources of warmth, and heat stroke.

Ilesanmi: How long do you plan to serve? Until someone is able to step up for the position. Planning to stay as long as necessary.

Pros: Vaughn - great to work with this past Fall, knows the code, and has experience.

Ilesanmi - Makes the exec board stronger, especially someone who knows the code.
Vouzas - We need people who not only know the code, but also someone who is willing to enforce the code and can say no to people. Need someone like Nella in this role for the budget cycle after last year's debacle. We need to put our best foot forward.

Galeano - Nella is willing to do the job.

Rogowski - motion to extinguish time; 2nd - Burns
