

**71st Student Senate  
Internal Affairs Committee  
June 18th, 2019 in Strozier 332**

**Call to Order:** 7:55pm

**Members Present:** Villacorta, Jones, Gnamam

**Members Tardy:** N/A

**Members Absent:** Napoli, Fink, Mella, Baxter

**Guests:** Lavender

- **Announcements:**
  - **Highs and Lows**
  - **How does IA work?**
    - Go to sga.fsu.edu/legislative-branch to see the previous minutes from committee meetings to understand.
    - An email will be sent out with the candidate's qualtrics form for the committee to look over, then when we will go over the qualtrics together before bringing in the candidate.
    - We go into the candidate's opening, then questioning(which can be extended), candidates closing and then roundtable.
      - You can ask two non-debatable questions, question about passions, questions about character
    - Roundtable does not go into minutes, it's a period of discussion between the committee about the candidate. After discussion, someone will call to question and we will vote on whether or not the candidate should be forwarded.
    - The candidate is allowed to come back in and they are told the committee's decision. The candidate is invited to come be confirmed before senate, opening statements, questioning and closing statements are done again.
    - IA also does the bureau review process.
    - Look at minutes from 4/23/19 for more specific examples about the process.
    - Important things to remember
      - Keep in mind people's biases. We don't want SGA to look nepotistic.
      - You are allowed to say no
  - **Future Ideas**
    - Can we figure out how to see how many people are applying?

- Add something to the qualtrics form about specific student involvement, to avoid bias
- Questions
  - Is the Application premade?- Valene
    - Answer: Yes
  - How would we add that question?
    - We would have to put it through senate and it would need to get voted on.
- **Committee Business**
- **Old Business**
- **New Business**
- **Unfinished Business:**
- **Final Announcements: Tomorrow Senate Meeting**
- **Adjourned: 8:43pm**
