- **PAC Candidate Cole Clemons**
- **Opening:**
  - I have attended a PAC meeting and have been able to see the process, I see myself being able to make a positive impact and benefit FSU. Especially during Covid-19, it is important to make sure groups can have a clear path forward and get back onto their feet. Trying to balance funding and the FSU community and furthering the goals of SGA is something I want to do.
- **Questioning**
  - England: can you talk about experiences that could give you an upper hand here?
  - A: I am a freshman, I was in the Spanish National Honor Society in high school, I was basically the liaison with the school bookkeeper and the club. So I tried to manage funds and ensure everything get paid for. I was able to see the fundraising process and seeing how it all functions and can bring that to PAC.
  - Kilinc: are you financially certified?
  - A: yes I am
- **Any remaining questions**

- **Closing:**
  - Thank you for the time here, it was great getting to learn more about SGA, PAC will be a great opportunity to make positive strides here at FSU. It will be great to draw back that community atmosphere through PAC funds.

  - **No: (0)**
  - **Abstain: (0)**
- **Candidate does pass**
- Adamyk: Chair Gnanam have you heard anything from candidate Daymee Sanchez?
- Randall: She is feeling sick right now so might not respond
- **RTAC Resolution #26 by Randall**
- **Opening:**
  - We have a resolution, from NABE, they are some wonderful economists, they requested 2025 in registration fees for their conference and job fair, a virtual event happening in November. They have a 85-90 member active base, they are sending 24 graduate students, 5 board members, and 16 general body members. They are asking for \$45 for 45 students, a special rate given to special clubs. This is super important for members because of the professional opportunities, especially for those grad students. It is also great for the undergrads, to meet amazing people and researchers. They advertised this through social media and various economics email channels, so it was advertised thoroughly
- **Questioning:**
  - Pendleton: it says organization dues cover \$30 of member fees, so are their dues going into this registration fee?
  - A: yes, they get that special price because it is included in this, it is why it is only \$45 instead of \$75, and if any normal students went they could get that special price
- **Open question:**
  - England: is it over \$2000 so are we gonna have to do our weird magic stuff in committee and senate? By voting with 2/3?
  - A: Yes we do, it would most likely need to pass through committee with 2/3
- **Motion to adopt resolution**
  - Kilinc moves, mougey seconds, no objections
  - **Resolution is adopted**
- **Vote:**

- **Opening:**
  - We had one RSO, they are the flute association here at FSU, they are requesting money for a concert they have annually and they requested money last year. They would like to pay for the honorarium coming to perform and to hold diverse workshops to benefit the student body and college of music.
