New Business:

- Confirmation:
 - Calvin Boole
 - Opening: I serve on my hall council for IRHC.
 - Technical Non-Debatable Questions:
 - Gonzalez: Are you financially certified?
 - No
 - Questions regarding position:
 - What made you apply for senate specifically?
 - Senate has always been something I have wanted to do since coming to FSU. I have wanted to work on committee and meet new people that are driven and hardworking.
 - Leckie: Tonight we are voting on our budget bill. If confirmed you will be voting on that tonight. Do you feel prepared to vote on this?
 - Yes I have been following what the senate has done this year and I know the budget is a large amount of 13.8 million dollars.
 - Gonzalez: What communities would be representing when coming in here?
 - First year and freshman because that is what I am. Also sophomores as well. Lots of freshman have similar concerns, mainly student body connection and feeling like an fsu student.
 - Senator Riguidel: Are you part of any unions on campus or heard about unions on campus? Do you know about FLI or looked into it?
 - I do know the freshman leadership institute. I did not think I would have enough time to commit to it. I am part of model UN. It is similar in the use of Roberts Rules. I am not affiliated with any union.
 - Gonzalez: Are you affiliated with any political party currently?
 - No. Possibly in the future.
 - Questions regarding character:
 - Gonzalez: Could you unpack your character for me and how that plays into conflict resolution?
 - I try to keep an open minded while being a bit skepticle. I tend to pull from my personal experience as well as laws. I take the advice of my coworkers as well and use those

resources to balance my decisions. Whether it be in Student Government or in general.

- Gonzalez: As an appointed senator it is very different from an elected senator. How can you best represent your constituents as an appointed senator?
 - Yes I understand that. I think the best way I can represent my constituents is to pull from my own experience specifically due to my position as an undergraduate student. I will definitely use the opinions of my peers.
- *Randall moves into roundtable*
- *Leckie seconds*
- Roundtable:
 - Randall: This candidate is smart and ambitious. I do not think this is the right position for this candidate. We want someone who comes in with ideas and goals and their eyes and ears toward the student body. I am just not sure he is the best fit for this position.
 - Leckie: I definitely understand what chair Randall has said. I think he represents what first year students bring to this campus. He knows how much our budget is which is really the first step. Most of us coming into senate did not have concrete ideas. He knew basic information and the group on campus that needs more representation is younger students. The first semester freshman need to be better represented. I do not feel super strongly about it but do not feel we should hold those against him.
 - Gonzalez moves to call the question

- **Resolution 94 - Sponsored by Gonzalez(P):** Changing the 72nd Student Senate Rules of Procedure about who has the authority to confirm or deny all nominees for appointments approved by the committee.
 - Opening: This resolution is being reintroduced on the senate floor. This is after the statute change passed. Changes the judiciary and rule & calendar committees ability to confirm or deny candidates for appointed office. This gives committees full authority to do what they have been doing for a while.
