Bill 88 Impeachment Proceedings

Bill by Maglaqui and Singhal about new senator orientation:

Opening: This bill essentially comes from the fact that there is a lack of preparation with new senators when they come in- the orientation is not necessarily in detail and you do not see it in action. This makes it difficult to attend senate and know what to do, this is a disservice to the students that they do not know what to do when they start senate. Along with completing orientation and they would have to attend a meeting with the senate leadership. If a new senator has more specific questions then they would be able to ask more specific questions. There will also not be a senator exam. But the Senate leadership would be able to determine if senators are ready for senate.

Technical non debatable questions:

None

Pros:

Senator Pinango: He began to participate in senate with the past senate pro tempore and then the senate president and this is how he then got comfortable with senate. This bill will benefit future senators and they would not be confused at their first senate meeting.

Cons:

None

Second Round of pro

None

Closing: It took an adjustment period for Senator Pinango to be comfortable in senate and he then felt comfortable when he met with senate leadership. This will help us perform in our positions.

Vote:

Yay: Villegas, Gavin, Maglaqui, Trichetto, Pinango

Nay: None

Opposed: DiSalvo, Singhal

Closing Announcements:

Very happy to have the processes in order to make the Senate Orientation more fluid and easier on incoming senators
