- Guests -
 - Rawan Abhari: Legislative agenda is on the docket. It's been hard for us to get this together due to the time we were confirmed. We're still meeting with university stakeholders on various topics. We wanted to get this to the Senate that confirmed us. The google doc is in the Senate GroupMe. If the LA is going to be long, why not make it longer. We want and welcome your amendments. Bill 63 is on the docket. I personally support this bill but some OGA members don't. I'm here to advocate for the proviso at the very least. Our goal is to work in tandem with you and we need all of our members in their positions right now to do this work. If you want to change that proviso, I understand but it will make it difficult for us.

Committee Business:

- **Bill 65** - Sponsored by Senator Roy (P) - To add the role of Senate Historian to Statutes and define its role.
- **Resolution 78** - Sponsored by Senator Roy - To add the role of Senate Historian to our Rules of Procedure and to define its role.

New Business:

- **Bill 65** - Sponsored by Senator Roy (P) - To add the role of Senate Historian to Statutes and define its role.
 - Opening Statement:
 - Roy: This bill is important because it creates a new leadership position. The historian will take minutes and help the Senate President as needed. Our current senate clerk has expressed how hard it is to track legislation and take minutes. This senate has set a new precedent for the detail required in minutes. As a former senate clerk, I know how hard this position is. To add tracking legislation to the task of minutes is a big job. I believe there's enough work for both. This also assigns the senate press secretary to post the senator of the month on social media
 - Roy yields with 2:33 to his closing statement.
 - Technical Non-Debatable Questions:
 - None
 - **T. Murraray moves to enter round-table discussion; Little seconds**
 - Round Table:
 - Little: this came through judiciary. I think this is a good idea. I expressed some concern whether senate leadership was supportive of this but it appears that current leadership is on board and willing to advertise this position. My concern is that we didn't have a clerk for a while. I'd like for someone to fill this position if we make it happen.
 - POC, Roy: Senate leadership is not taking a position on this but will advertise the position if passed.
 - POC, Wang: Harmon had an issue with this before but talked with Chloe and is on board. Leadership is all on board with this.
 - **Little moves to call the questions; T. Murraray seconds**
