- **Resolution 70 sponsored by Senator Marcus (P)**
 - **RESOLUTION 70 IS TABLED**

New Business:

- Gabay: Like President Harmon mentioned, we can work on something else if you guys have the time!
- Duchene: Why is Resolution 18 being tabled every week? Is there legislation we can work on for that?
- Tsouroukdissian: That's exactly what Resolution 73 is going to do!
- Murray: Does anyone have any ideas of how we can get Senate out there event wise?
- Hunter: I think that events hosted by SGA could benefit from more Senate attendance. That includes agency events and events SGA is already holding. I think it would be really cool if Senate could co-sponsor agency events. A really good example of this was the BSU march to the game that only 4 Senators attended. There is a lot of strength and power in numbers, and as Senators, I know we all support the agencies, so we should all attend their events in a more formal context. Not sure what that would look like
- Duchene: That should definitely be looked into! It is also Pride Month for FSU and Hispanic Heritage Month right now, so we need to get attendance up for their events. When we see agencies the most is when they're making comments at Senate meetings over things that are not ideal
- Murray: Even pairing with Class Council could be cool
- Duchene: With the arts specifically, Senators should come to Newsies! There's also a play that opens at the end of November. A lot of arts related events. That's a social media opportunity as well. We're all in our own world at the College of Fine Arts, so knowing that there is good will between Senate and my college would be good. 0 dollars from the university help us put on the show. 100% of the funds come from box office ticket sales. If SGA supports us, there is at least that link

Unfinished Business:

- **Resolution 18 sponsored by Senator Gonzalez (P):** Calling on the FSU Administration and Board of Trustees to review and withdraw investments from corporations deemed unethical by the FSU student community.
- **Resolution 70 sponsored by Senator Marcus (P)**

Closing Announcements:

- Chair Murray: See you all next week!

- Vice Chair Nemeth: I don't have anything to add, but I LOVE the ideas you guys mentioned. Even though that was a short conversation, we got some really good ideas out there, and I'd love if we could utilize our group chat more to talk about them and bring them to fruition
