Land Acknowledgement

The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler-colonial violence, dispossession, and removal. Despite all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

- **Consent Resolution 33- Chair Humberg**
 - Opening Statement:
 - Many people today just two T shirts for minorities and public how not to T shirts like total relating to different requests from Irish public housing brigades. We brought on dental are targeted to 75 shirts at 540 mile race and public health was 40 shirts at 405. That was just based on their like, of members, honestly. Low he. Can be friendly to like bringing down dental brigades like we were just talking about, like how many dentists are there on campus that need t shirts but I think we do have money to fund them. So like you know if it is and then the Filipino Student Association is having like a powerful event that they will To be honest, I'm not really sure. I think it's a cultural event. And we just funded up for that I yield.
 -
 - Technical Non-Debatable Questions:
 - Senator Gorelick- Picture number and you tell me the number of people in October games and the number of people in the minorities in public health.
 - Chair Humberg- Yeah, so definitely brigades was 67. And then minorities in public health I think they had about like 40 but then they said that only about 15 to 20 people regularly show up to their GBM, so it's usually the same people.
 - Senator Gorelik- And then, in regards to the Filipino Student Association, to food, do you know exactly what it is and where they're getting it from? And how many people?
 - Chair Humberg- Yeah, it's in there like Qualtrics which should be on the minutes like their post? It's from real Seraph. I think it's it's the only like, one in town that's like true to Filipino culture. Like it's real, like Filipino food versus like Panda Express, which is kind of just like an Asian but on their clothes. They've got a breakdown of everything that they're getting. And they expect about 200 people to attend.

 - Round-Table Discussion:
 - **Amends Dental Brigades from \$540 to \$451**

- **Bill 91- Chair White**
 - Opening Statement:
 - Right now PAC and RTAC usually have some trouble making quorum eliminate memberships and according to statues right now their student engagement ambassadors are supposed to be on the committee. However city engagement ambassadors no longer exist. So what I thought it'd be a good idea to get our Campus Rec board more involved. They're very similar union board where they're both elected by the student body. So I thought if we updated to include our Campus Rec board to expand Campus Rec board's enrollment in the rest of SGA, it would be a good idea and this just changes the student engagement ambassadors to the Chair of Campus Recreation board to improve the involvement and improve the amount of people that we have serving on our funding boards.
 - Technical Non-Debatable Questions: None
 -
 - Round-Table Discussion:
 - Senatore Randall- also very in favor of it's big, it's been around for a while and it's easier to get done. And I think we'll just be very helpful because committees meet quorum issues but a lot of times it's very, I think they're gonna need to get more people involved.
 - Senator Brown- Yeah, also, I think Campus Rec has been getting more and more involved. And I think that this is a great way to give them like a formal place so I love this.
