- Little: I wanted you guys to know that I will not be here for the summer session of Senate. I am very close to my excess credit hour threshold and if I take summer classes, it just pushes me further. But if any of you will be continuing for the summer, I am still

here as a resource for you. Feel free to reach out to me with any questions or concerns about legislation or summer senate in general.

- Murcia: I just wanted to wish you all luck because I won't be here for summer or fall since I'm graduating this weekend. It has been an honor to work with you guys in this committee and in Senate.
- Little: We will miss you! We also have Vice Chair Boole terming out, so if you see him around be sure to give him our love! Just some information if you need it, summer senate meets only biweekly, so it is definitely more independent and you get out what you put in. Last session of summer senate was a bit of a roller coaster, but don't let anything that has happened in the past deter you from doing your best with the time you have.

Linsky moves to exit roundtable

Arutt seconds

- Chair: Have a wonderful rest of your week and good luck with finals! I hope to see the work some of you will do over the summer, and I look forward to seeing some of you at inauguration on wednesday!
