We recognize this land remains scarred by the legacies of violence and removal, we recognize the ongoing relationships of care that these Indigenous Nations maintain with this land, and we extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

**New Business:**

- **Bill 46** - Sponsored by - Senator Dale - A transfer of \$792 from Senate Projects to Sustainable Campus to fund ADA-accessible beds in the Seminole Organic Garden
  - **Opening:** About a month and a half ago, Megan and Keegan presented a bill that would provide funding for ADA-accessible organic garden beds. They started that project, but then costs changed for the price of wood, and this is a type of wood they had to have in order to be able to effectively grow food in those beds.

So they sent me an updated quote and requested a little bit more funding. This is just the cost difference between the original quote and the new quote.

- **Bill 49** - Sponsored by Chair Kariher- To transfer \$1773.18 from Senate Projects to cover the cost for Horn Studios to go to the International Horn Symposium Conference.
  - **Opening:** So, the first-ever bill I ever sponsored was for this exact same event. So just kind of a full circle moment sponsoring this event again, but this time instead of going to Texas, they're going to Montreal, Quebec. The Horn Studio at FSU is amazing. My grandmother was actually in the Horn Studio at FSU. She was involved with this organization when she went here, so I support them with everything I have. Other than that, it's a pretty simple bill, this is not coming out of Senate Projects really, it's actually coming out of RTAC. But that money will be transferred in August, so any questions happy to answer them.
