Oglesby Union:
Applied for Sweepings for a total amount of $83,300

Questions:
1. If you get pods/storage units to store pool tables, furniture, and other materials, how much will that save you?
   • $75,000
2. Do you have any numbers to represent how much the four requests are individually?
   • No
3. How many employees would the $5,200 cover for the minimum wage increase?
   • About 150
4. Do you have any priorities for funding?
   • No because this is a small percentage of how much it will actually cost during the relocation.
   • Note: The total cost is budgeted towards 1 million
5. If you don’t get the funding from SGA where are you going to get it from?
   • We will take money allocated to the project
6. How many students does the Union usually see?
   • 15,000 students M-F
   • On busy days (i.e. Market Wednesday) it is about 20,000 students
   • 4,000-5,000 students Saturday and Sunday
7. If you are not funded the $5,200 for the minimum wage increase, how would you pay your employees?
   • We would use Union funds
8. Is this funding going towards the two year transition or is it only for the
initial transition?

- The initial transition

9. How much of the funds from the 2017 Budget that you were allocated do you have left?

- A little less than half
- Note: They were funded about $4.5 million
