Call to Order: 7:33pm

Pledge of Allegiance: Led by Senator Drakley

Moment of Silent Reflection:

Land Acknowledgement: Read by Senator Rider

The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

Messages from Agency and Bureau Directors, SGA Organizations Officers and Employees:

JSU Director Gabay: I first wanted to thank all of you who came and supported the Jewish Student Union during our Jewish Heritage Month. I now want to ask you for your continued support for Jewish students. As many of you know, Thursday was International Holocaust Remembrance Day, and this weekend, just afterwards, we have witnessed many antisemitic attacks. This weekend alone, Swastikas were painted in D.C., there were Neo-Nazi demonstrations in both Orlando and Ottawa, Canada. There were swastikas painted on a synagogue in Chicago, two Orthodox Jews were hit by a snow plow, and there were 2 bomb threats at the Jewish Community Center, or JCC, in Tucson. Antisemitism is alive and strong within the United States. This weekend is a clear example of that. Please check in on your Jewish friends and family.

Many of us are suffering, our mental health is declining seeing this. And these are only from this weekend, let us not forget about the hostage situation in Colleyville, Texas, just two weeks ago.

Also, as many of you may know, there was an article that recently came out about Neo-Nazis in Tallahassee. I, along with other student leaders on campus have been working on this situation, and Jazé, the President of BSU and I have a meeting with Dr. Hecht tomorrow morning to discuss the situation. We ask to not make any formal statements until we get more information on the topic as to prevent the spread of misinformation and fear mongering.

OGA Director Abhari: Open call to come lobby Wednesday at FSU Day at the Capitol. It's a three day ordeal and the link to register is in the OGA bio. Please show at 930, and attend the Monday prep meeting. We have a 15 point agenda, but we will be narrowing that down to make it more likely to succeed. Tuesday will be the Seminole reception at the Capitol, so come out and meet legislators. If anyone wants to be a team leader, please reach out and apply on the OGA bio. FSU pep rally in the Courtyard at 1130 on Wednesday. There's many great events to show up to. We're looking forward to it!

Homecoming Director Nguyen: We are here to reintroduce ourself and to announce that Homecoming Council apps are open, so please apply if you are interested. Wanted to ask how Senate wanted them to proceed on interviews. 3 Senators must be part of the Council selection board, so please reach out if you have questions.

Messages from the Executive Cabinet:

Secretary of Internal Affairs Rudolph: Hello everyone, I have a few announcements

- Victoria Paul wants you to know that Morning Brew is back so please reach out to make the most of these meetings. These allow you to sit down and talk to administrators about the issues facing the university. Please reach out to Vicky if you are interested.
- Treasurer Gray wants to announce that Local Fees Committee is being reopened, and we want a representative from the Senate. Please email Kahleel if you want to make your voice heard!

Secretary of Inclusion Williams: I have a quick presentation from the administration. My job is to try to help raise up underrepresented voices on campus. Being that we represent many groups, it's important that we try to hear from them. We want senators to feel equipped to handle with these issues. The opportunity to grow as a leader, to grow allyship practices, and other benefits are there. First training is NCBI, which is a four-hour workshop that allows students to learn more about intersectionality and diversity. Allies and Safe Zones is a three-hour training in allyship and contemporary LGBTQ+ issues. There are many important issues in this area that will be covered in the workshop. Green Dot Bystander Training teaches about power-based violence and how to create a community that does not tolerate violence. (Displays a QR code for senators to gauge their interest in the trainings) On behalf of the Cabinet, we will try to set up trainings for the Senate to take part in these great programs and will try to make them work with your schedules. Thank you!

Messages from the Class Councils:

Kristen Harold, SCC Treasurer: Hi, I'm Kristen Harold, the Senior Class Council Treasurer. March 1st we are hosting the first ever spring spirit rally which is hosted by the Senior Class Council in partnership with DSOs and the executive branch.

This pep rally will be a fair-like celebration to increase school spirit within the university as well as for athletics, specifically the home basketball game on march 2nd against Notre Dame.

Tonight, a bill will be presented to allocate money toward the pep rally. we've been preparing and planning for this event for over 5 months.

We are trying to set the foundation for an event of this magnitude, which could be one of the largest events of the spring semester and a new tradition to reinvigorate school spirit and celebrate our university.

We are stepping into a new era of student engagement and look forward to the potential this event has.
Thank you

Messages from the Congress of Graduate Students:

Rep. Linsky: Speaker Harshe is also present tonight, as well as former Speaker Hagemeyer. Our budget hearings are happening right now and we have a lot of money available. I encourage every interested person to come to the meeting to discuss the current budget and the budgets of the future. We want to be fully transparent with our work. We are also pleased with the Commission. A grad student task force has been assembled to look at the relationship between grad students and the Student Senate. I miss working with you all.

Candidate for 74th Student Senate Historian – Joseph Cofer (1 Applicant)

Rodney Wells–74th Student Senate Undergraduate Studies Seat 2 (1 Applicant)

Erick Rivers–74th Student Senate Arts & Sciences Seat 8 (1 Applicant)

Opening Statements:

Cofer: Good evening everyone. On the Pschols Eboard. Senate is a big job, but wants to get involved in order to learn more about FSU.

Wells: Good evening. First-year political science student. Serves as the political action chair of the FSU NAACP and on the Student Foundation. Talked to a lot of senators about the issues faced by FSU and how we can meet them. Wants to Listen, learn, and lead. Hopes to serve with the Senate.

Rivers: Junior double major in Art History and Creative Writing. Happy for the opportunity to serve in the Senate. This is the heart of the SGA, where legislation that helps the student body and makes FSU a better place for all.

Technical, Non-Debatable Qs:

Lessard to All: Are you financially certified?

Cofer, Wells are, Rivers is not at this moment.

Roy asks Cofer if he has looked at past minutes. Candidate answered in the affirmative.

General Qs:

Lessard to Rivers: I see you used to be in the TCC Senate. How will you use your time on the TCC Senate to help inform your time at FSU?

Rivers: It was very different. It was much smaller and COVID hurt a lot of our efforts. I worked to help make the LGBTQ+ community at TCC feel more comfortable on campus and wants to continue that work at FSU.

Diaz to all: What are your time management skills

Cofer: Last semester, I tried to do everything under the sun. That didn't work, so I narrowed them down. I'm always looking to improve

Wells: To contrast, I did nothing my first semester, so I wanted to be intentional with my work, inside and outside the chamber.

Rivers: Last semester, I joined the Junior Class Council and both SLCs for my college while taking 5 class. My skills are impeccable, but I need to balance them in this role.

Edouard tried to ask, but could not be heard on Zoom. Will type the question

Edouard asks all Senator candidates "What are some of the issues that are faced on campus that you will advocate for within your position and what are some things that you won't advocate for and why?"

Wells: There are a dozen issues at any time. Diversity and Inclusion, and the difference between them, is important. I won't advocate for shutting others out. I want to hear all opinions, especially from other senators. Don't be one-sided

Rivers: Wants to increase professional development to prepare students for when they leave FSU. Wants there to be more faculty that will help students professionally. Is against silencing others.

Cofer: I'm still learning and adapting, but the Historian is there to bring transparency to the job. We should try to understand other people's opinions.

Edouard asks what an issue faced by the Senator candidates.

Wells: I started a non profit in high school to increase HS civic engagement. The issue is creating deliverables in the Senate.

Rivers: I am an overzealous person. Sometimes my ideas are too broad and expansive, so I have to reign myself in at times. I am good on my word and work for a positive and light energy.

Edouard asks what each Senator candidate's strength is.

Wells: My ability to listen and to admit that I don't know everything and need to learn.

Rivers: Always is a go-getter and will do everything to the best of his ability.

Diaz asks what each Senator candidates what their favorite committee is.

Wells: Budget. Their chair is amazing

Closings: Budget. Wants to fight for equality to RSOs in the budget process

DuChene asks Rivers his interest in the Student Life committee and initiatives around it.

Rivers: I feel like the best way to change student life is through the budget.

Gonzalez moves to call the question, Wang seconds, Lessard objects, withdrawn

Lessard asks that, since their terms will be short, how will you make the most of it.

Wells: Being intentional and talking about how we can address the current issues

Rivers: wants to work with like-minded senators to pass legislation that works with my beliefs.

Gonzalez moves to forward the candidates individually, Wang seconds, no objections.

Closings:

Cofer: Thank you for the opportunity. I want to learn from you all.

Wells: Just wants to thank y'all for the consideration. I might be wearing blue and orange, but garnet and gold is in my blood.

Rivers: I've already worked with many senators, I can't wait to work with new senators. This has been a grand old time.

Votes:

Cofer: 23-0-0 PASSES

Wells: 23-0-0 PASSES

Rivers: 23-1-0 PASSES

Candidates Cofer, Wells, and Rivers are sworn in by the Pro-Tempore.

CR 7

Sponsored by Senator Roy (P)

To fund the Japanese Language and Culture Association, Biomedical Engineering Society, Chabad @ FSU, Afro-LatinX Student Association, and Music Teachers National Association at Florida State.

- Opening Statement:

- Roy: Good evening Senate. We (PAC) funded six different organizations, we heard eight. Hopefully seeing the two organizations tabled/dismissed next week. This is over \$9,000. Even though only one of these (Chabad @FSU) is over \$2,000 on its own, this is one that I would like everyone to take the time and look at and know that this is going to a lot of great organizations to make good things happen. Specifically with Chabad @FSU, they want to fund a speaker (Rudy Rochman) speaking at their event, located at 224 Chapel Drive, on March 5th, at 8pm. Originally Chabad @FSU came to PAC with a request of \$3,100. As PAC, we were uncomfortable with all of this. We (PAC) tabled Chabad @FSU and asked them, to come back with posters/flyers showing how they will advertise, reach out to possible communities and organizations possibly interested, and requested formation of fundraiser so that it wasn't only SGA funding this. We (PAC) were very surprised when Chabad @FSU came back with all of this. Chabad @FSU came back with a list of two organizations that were completely willing to cooperate with them, a few they still hadn't gotten responses from yet, they had flyers, the time, the place, and most importantly started receiving external funding. Chabad @FSU claimed ability to cover around remaining \$550 it would cost (difference between \$3,100 and \$2,555 from SGA). Chabad @FSU said they could not fund much lower without the event being unable to happen. That's why PAC is comfortable with this amount (\$2,555). I would love to hear your questions. Thank you.

- Technical Non-Debatable Questions:

- Gonzalez: Will the event be held off-campus?
 - Yes. Six-minute drive, a little past Doak Campbell Stadium.

- First Round of Pro on line item Chabad @FSU for the amount of \$2,555:

- Point of Information: Gonzalez: Has process on the accounting side for acquiring such speaker already started?
 - With this, Chabad @FSU originally requested that they wanted this to be an event with **“RECORDING INAUDIBLE”** (1:03:27), however, because we (PAC) had to table them, Chabad @FSU ended up being okay in saying that they want to go back to their speaker for a future date so that they can be more in the facilitation of the accounting process. With this, Chabad @FSU has not officially started yet because they still have thirty plus days, since this will be on March 5th if funded today. That’s where they are, they had to reschedule him **“RECORDING INAUDIBLE”** (1:03:47) make that happen.
- No speakers regarding pro.
- First Round of Con on line item Chabad @FSU for the amount of \$2,555:
 - Point of Information: Gonzalez: Is speaker authorized vendor?
 - This speaker has not come before. The speaker would go through that process.
 - Point of Information: Gonzalez: What is the expected attendance for this event?
 - Chabad @FSU can host up to 150 students. When Chabad @FSU first approached PAC, they said that they were expecting to get around 80 to 90 students. That’s when we (PAC) asked Chabad @FSU to cooperate with other organizations, so they could get more people.
 - Point of Information: Gonzalez: How much did Chabad @FSU originally request for the speaker? How much does it cost in total?
 - It was \$3,100 is what the **“RECORDING INAUDIBLE”** (1:05:02) request was, and I believe that was the full amount for that, which is why we (PAC) weren’t comfortable fully funding **“RECORDING INAUDIBLE”** (1:05:08).
 - Point of Information: Gonzalez: I’m doing the math and the original amount (\$3,100), **“RECORDING INAUDIBLE”** (1:05:28) to attend an event at an off-campus location. I’m honestly not to comfortable funding this amount of money, just because it’s off-campus the accessibility is a little bit less, meaning that freshman are usually the ones that go to a lot of events, and a lot of freshman don’t have cars because of the parking situation. So I don’t think it would be fiscally responsible to fund this amount of money just because the cost per student is high.
 - Point of Clarification: President Hunter: Price is \$150 **“RECORDING INAUDIBLE”** (1:06:13)
 - Point of Information: Diaz: Who is the speaker and why would the speaker benefit the student body?
 - Rudy Rochman is a speaker, he is, in their words, a “unique” one in the fact that he is pro-Israel and also they worded it to where he was, not anti-Palestine but pro-Israel, pro-Palestine solution, but he is against the US continuing funding Israel **“RECORDING INAUDIBLE”** (1:07:14). Chabad @FSU had said that he supports Chabad @FSU’s values. **“RECORDING INAUDIBLE”** (1:07:18) PAC cannot fund anything that goes against what the university’s values are, as an RSO if they commit to saying that everything he says represents their organization, then along the lines of **“RECORDING**

INAUDIBLE (1:07:32) their ideology and beliefs, it does go along so we're (PAC) able to fund them for those **"RECORDING INAUDIBLE"** (1:07:36). But he is a famous speaker who's gone around a lot speaking on this issue and being a political activist.

- No speakers regarding con.
- **Motion: Gonzalez: Moves to amend line item to \$2,000, Wang seconds.**
 - **No objections**
- Debate on the Amendment:
 - Opening Statement:
 - Gonzalez: My biggest issue is the accessibility of it. It's just difficult, especially when we're trying to engage the student body and we're funding so much money to put it in a location that's actually more accessible to the student body **"RECORDING INAUDIBLE"** (1:09:40) at FSU. So, first off-campus, obviously, and price per person is just a lot so I think putting those two together **"RECORDING INAUDIBLE"** (1:09:50) not fiscally responsible to fund \$2,555, but if you cut the price to \$2,000 that reduces the price per person, per student, and I think it's just a little bit more fiscally responsible to fund \$2,000 instead of \$2,555.
 - Technical Non-Debatable Questions:
 - None
 - First Round of Pro on the Amendment:
 - Point of Information: Bowling: Any reason that you came up with the number \$2,000 over \$2,500?
 - \$13 per person, **"RECORDING INAUDIBLE"** (1:11:07)
 - No speakers regarding pro.
 - First Round of Con on the Amendment
 - **Wang moves to call the question, Murray seconds**
 - **Roy objects**
 - **Wang withdraws**
 - Roy: It won't be completely in con, even though I'll be speaking in con so we have some time until the speaker gets there. Chabad @FSU is currently having an event. They are asking their treasurer to jump on the call. I sent an email asking their (Chabad @FSU) President and Treasurer to be here in case anything like this happens. Hopefully they'll be joining soon. Mostly I want to ask them (Chabad @FSU) what would happen if it was funded \$2,000, just to see what they'd be able to do, whether it'd make it actually feasible. So that's what I'm currently just hoping: they can come, and ask. Again it will be up to you guys on that decision.
 - Barker: I wanted to point out that I live right near this thing, it's right by a synagogue and it's maybe an eight-minute walk from the stadium, twenty minutes from here. So if we're just saying location, that part I think is completely fine for it being off-campus, but I understand if it's about price per person.
 - **Roy: Moves for three-minute recess; Tucker seconds.**
 - **Gonzalez objects.**
 - **Roy does not withdraw motion.**
 - **Move into Straight Vote:**

- **Vote Results:** 13 yes, 9 no, 0 abstentions.

- **Move into Three-Minute Recess (8:51pm)**
- **Meeting Called Back to Order (8:54pm)**
- **Roy: Motion for a non-Senator to speak, Tucker seconds.**
 - **No objections.**
- **Point of Information:** Roy (*Directed to treasurer for Chabad @FSU (Jaime Rosenheim) who has joined the Senate Zoom*): If you're organization was to be funded \$2,000, would your organization still be able to put on this event or be able to cover this, or how would your organization react in that circumstance?
 - Jaime Rosenheim: Can you repeat the question?
 - Chair Roy: Yes. So, currently there is an amendment to fund the organization \$2,000 instead of the \$2,555 allocated by PAC. In that case would your organization still be able to cover that difference, the \$1,100, to fund your speaker? Or would it be a situation where you'd no longer be able to? How would your organization react, would you be able to fundraise that difference?
 - Jaime Rosenheim: During our last meeting (with PAC), you guys (PAC) did say to 70% at \$2,555. That's what we (Chabad @FSU) were counting on, we did talk to our donors that were willing to give the remainder of the amount, so that is what we agreed upon. It would be hard now for us (Chabad @FSU) to go back after we (Chabad @FSU) said that you guys made a decision, and that's what we came up with, with that number. It would be really difficult at this time to get, and secure, extra funding.
- **Point of Information:** **"RECORDING INAUDIBLE"** (1:21:52) Have you looked at working with FSU Hillel and the Jewish Student Union (JSU) to come together to make up the remaining funds?
 - Jaime Rosenheim: Yes, we (Chabad @FSU) have been working with other Jewish organizations, on-campus that are willing to do it. This was something that we (Chabad @FSU) did bring up during our last meeting with SGA that when we are taking a look at this, this will hopefully be about four organizations, so when we're talking about funding \$2,500 would be amongst four organizations. So although we're (Chabad @FSU) the ones that are requesting money, we are going to be partnering with other Jewish organizations to bring this speaker. As previously said, we are hopefully expecting a crowd of about 150 in-person and then hopefully another 50-100 over Zoom. So we (Chabad @FSU) are accommodating, especially with Florida State University and the State University System COVID-19 policies. With students quarantining and not being able to be on-campus, we (Chabad @FSU) want everyone to have the opportunity to be able join no matter where they are. We (Chabad @FSU) will have a Zoom option available and we (Chabad @FSU) are going to be getting the word out with other partners and organizations helping us to promote the event as well.

- Point of Information: Bettley (*Directed to treasurer for Chabad @FSU (Jaime Rosenheim) who has joined the Senate Zoom*): What is the normal turnout at Chabad @FSU meetings? How do you plan to get 200-300 people at this event?
 - Jaime Rosenheim: During our normal meetings we are seeing about 60-70 people. Something that we (Chabad @FSU) are doing specifically is working with a consultant from another university who has brought the speaker to campus. It's another university, part of the State University System. Consultant is in Student Government, knows exactly the finance code, and (event) has worked and had a great turnout at their campus, so we (Chabad @FSU) are very excited to be working with this individual, bringing him to our campus, and him helping us (Chabad @FSU) to promote it.
 - **Diaz moves to call question pertaining to amendment, Fronczak seconds.**
 - **No objections.**
- Closing Statement:
 - Gonzales waives closing statement.
 - Voting Results on Amendment:
 - 10 yes, 12 no, 2 abstentions.
 - **Amendment fails.**
 - Back to line item as it stands with \$2,555.
 - Back to First Round of Con:
 - Point of Information: Gonzalez (*Directed to JSU Director (Brandon Gabay) who has joined the Senate Zoom*): Do you have any insight as to the line item.
 - Brandon Gabay: We were originally asked to co-host this event. I told them that the JSU promised the Student Senate not to pick any sides when it comes to the Israel-Palestinian conflict. Based on my research when it comes to this specific speaker, the speaker is very pro-Israel. I would not be comfortable hosting that in JSU because I do have my reservations in regards to the speaker just because of that. I just wanted to come on here because someone had texted me saying that it was said that JSU was co-hosting the event. We are not co-hosting the event and I just wanted to clear that up.
 - Point of Clarification: President Hunter: It wasn't said that JSU is co-hosting the event, rather could be a possibility. I just want to make that clear for our minutes.
 - **Bettley moves to call question pertaining to the line item, Suarez seconds**
 - **No objections**
 - Closing Statement: Roy: Thank you all for your discussion and debate, especially as it's a larger amount and should be looked into more. Apologies for how long this took, however I am thankful the treasurer could make it as well just to make some quick clarification. Some new information that did arise from that means that the event will have a Zoom option. When it comes to PAC **"RECORDING INAUDIBLE"** (1:29:51) as long as an actual student

organization is approved on campus, they are seen as something that if they swear that the speaker supports their beliefs and upholds "**RECORDING INAUDIBLE**" (1:30:05) then we can fund them. Something PAC has always done is made themselves available, but we will get political things, and we try funding really anything to give people the opportunity to get the experiences they want, and have the opportunity to either listen to any speakers or really just experience what they want to from our school. We (PAC) of course encourage everyone to apply, this just happens to be one organization. If you ever have any concerns on any "**RECORDING INAUDIBLE**" (1:30:33) PAC please reach out. With this, it seems like they'll be getting 150 people in-person and hopefully 100 people over Zoom, so hopefully 250 people for \$2,555 for a place not too far off-campus. That's why PAC ended up approving this amount. I hope you all have a great night. Thanks for your time.

- **Voting Results on Line Item:**
 - 9 yes, 10 no, 3 abstentions
 - **Failed**
- **Suarez: (1:33:15) "RECORDING INAUDIBLE", Gonzalez seconds**
 - **No objections**
 - **Senate resolution is approved**

Bills First Reading:

Bill 9 Sponsored by Senator Roy (P)
To define the role of PAC/RTAC Adjunct Liaison, its appointment, and to change how to deal with voting on funding boards when there's a conflict of interest regarding membership.

Bill 10 Sponsored by Senator Russell (P)
To aid the Executive Cabinet's Chief of Staff with the Candidate Search and Candidate Screening Process by allowing the Secretary of Appointments to also conduct interviews.

Bills Second Reading:

Bill 3 Sponsored by Senator Wang & Senator Gonzalez (P)
To grant the Finance Committee the authority to place limitations on funding SGA entities or Registered Student Organizations that commit egregious violations of the Finance Code and to make minor adjustments to the process for the restriction of funds. **(Passed in Finance. Passed in Judiciary. Remanded to Finance & Judiciary 1.19. Tabled in Finance 1.25.22. Passed in Finance 2.1. Passed in Judiciary 2.1)**

- **Opening Statements:**
 - **Gonzalez:** Sorry for not being here when this was first presented. I do want to preface this with it was passed unamended, once again, in both finance and judiciary. However, I do want to say that this is not that deep. We can talk about it if you want to talk about it, and the debate does not have to be personal-there has to be no feelings attached to this debate. I do not want to hear what you have to say, but I do want you guys to understand that it was passed unamended twice, in both committees that it was sent to. A lot of good debate did happen, and I thank a lot of the listeners that came in and talked about it a second time because it is very important. With that said, when I was going through the budget, I noticed that a lot of organizations were not doing what they were supposed to be doing. I'll give you this example,

but there was an organization that has a six-figure budget. All of us are financially certified, everyone who's in these positions has to be financially certified. I asked a standard question, are you financially certified? And the response I got was no we don't have to be financially certified. Mind you six-figure budget, has been on the books for years. That is an example of something that would be re-considered, something that would be considered punishable. Obviously if they did not know but continue to move on with the knowledge, there has to be some sort of sanctions-restrictions have to be able to be applied when they are not following our laws/codes. That's all this bill is supposed to do.

- Wang: The bill does mention a list of possible violations and restrictions of the finance code. In addition, if you guys want to check out the finance minutes from November 10th, I believe it mentions violations made by clubs such as Sports Club Council. Bill covers such entities.
- Technical Non-Debatable Questions:
 - None
- First Round of Pro:
 - Bowling: Everyone involved in finance is in full support of this piece of legislation. There have been examples where organizations violate statues, funded by SGA, and we can't really do anything about that as of now, but with this piece of legislation we can possibly do something about it. It doesn't give any group too much power and is a valuable tool in case something like this happens, as it has happened before. Please consider supporting this piece of legislation.
 - Point of Information: Murray: As it relates to freezing or restricting future funds, is that freezing expenditures or freezing Senate-provided funds?
 - Wang: Giving funds in the future so they can't receive funding from PAC or RTAC, can't go through the funding application process.
 - Gonzalez: If they still have money in the bank, they would also not be able to touch that.
 - Point of Clarification: President Hunter: Dr. Williams has not been to any of our committee meetings.
 - Roy: When it comes to drafting legislation, there's a lot of times we work off precedence. There's a lot of times that changes we make aren't always the largest. I think this is a really great piece of legislature. It is new and something that we haven't tried before, but it has a lot of checks to make sure that we do it correctly so that the entire Senate gets a vote on it. It's not just going to be finance controlling if they make a recommendation. But just like PAC, just like everything that comes through the Senate floor, we can get a final decision. I think it has the checks and balances needed; I think it will make it easier for funding boards to have accountability, especially when we ask questions and do our best to tell them what they can and can't do, and then see them do things they can't do. But it's definitely not malicious either. I really do support this legislation.
- First Round of Con:

- Murray: I'm not a fan of this legislation for a few reasons. I don't really get why there needs to be a new process of restricting people from getting allocated money. The Finance Committee can decide to allocate money already, so if they're committing violations I don't get why Sweepings Committee look at such violations and deem the organizations not fiscally responsible? With freezing expenditures (spending money), processes already exist for Finance Committee and Senate to freeze the spending of money. I'm not getting why this is super relevant. This just seems redundant as we're restricting ourselves on deciding whether or not somebody can use their funds. It seems like it's taking away one of the major parts of Student Government such as money.
- **Bettley moves to call question, Tucker seconds.**
 - **No objections.**
- Closing Statements:
 - Wang: This is to fix a loophole that has happened in our statutes and in our financial code. Currently there is no process to deal with organizations who have already spent money and are currently committing violations. This is something to implement if they are committing a violation but have already spent their money. This is to prevent them from getting future funding in case of these violations.
 - Gonzales: The Allocation Committee does not have the jurisdiction to declare a violation; they do not have the authority to say 'you violated finance code, you are going to be banned from receiving money.' They do not have the authority to do that. The only people who have the authority to do that is the Finance Committee. I cannot say 'oh you violated this I cannot give you money,' that's not how this works, an investigation has to be done.
- Voting Results:
 - 22 yes, 2 no, 2 abstentions.
 - **Bill passes.**

Bill 5

Sponsored Senator Wang & Senator Gonzalez (P) Bettley, Little, Myers (Co)
Transferring 2,000 in monies from AASU's Expense Category to their Food Category to incentivize events for their Asian American Heritage Month. **(Referred to Budget. Passed in Budget 2.1)**

- Opening Statements:
 - Gonzales: This is a standard money transfer from money already budgeted to ASU. Last year we were under numerous budget shortfalls, so we had to cut budget. Under statutes and finance codes the food budget had to be cut as only 50% of the whole budgeted must be designated for food. Thus, all of ASU's categories were very little/ With that said, they are running out of money and hosting their Lunar New Year Banquet this Friday, and most of their food budget has already been used. We just wanted to reallocate money so they they can last through Asian American Heritage Month.

- Wang: Asian American Heritage Month is coming up, thus ASU will be putting on numerous events and such funding will help them make it through the month.
- Technical Non-Debatable Questions:
 - None.
- First Round of Pro:
 - **Motion: Pfeuffer-Ferguson moves to amend the resolution to add Senator Pfeuffer-Ferguson as a co-sponsor**
 - **Sponsors find it favorable.**
 - **Senator Pfeuffer-Ferguson added as a co-sponsor.**
 - Senator Rider: I think \$2000 is something really great that we can help support them with. Being on the JSU board and looking at all the documents, it's crazy how expensive items are. This money could do a lot of good for them. Amazing that we get to provide such a fortunate opportunity to ASU.
 - Senator Suarez: I have looked at their Lunar New Year reservation list. ASU always put on amazing events and I don't see any reason not to pass this legislation.
- First Round of Con:
 - None.
 - **Suarez moves to call the motion, seconded by Bettley.**
 - **No objections.**
- Closing Statements:
 - Sponsors waive closing.
- Voting Results:
 - 24 yes, 0 no, 1 abstention.
 - **Bill passes.**

Bill 6 Sponsored Senator Bettley & Senator Gonzalez (P) Barker, Berger, Himatsingani, Rider, Ritzel, Williams (Co)
 Revising the statute regarding the Senate Projects account to send Bills to the Budget Committee. **(Referred to Budget & Judiciary. Passed in Budget 2.1. Tabled in Judiciary 2.1.)**

Bill 7 Sponsored Senator Roy & Senator Nasworthy (P)
 To define the role of PAC/RTAC Adjunct Liaison, its appointment, and to change how to deal with voting on funding boards when there's a conflict of interest regarding membership. **(Referred to Finance & Judiciary. Passed in Finance 2.1. Passed in Judiciary 2.1.)**

- Opening Statements:
 - Roy: This piece of legislation allows for a way where, if I were not present for one of my meetings required on Monday, Tuesday, Wednesday, it allows for someone to exist that can fill in for me. For instance, if something came up where I couldn't be here tonight, this consent resolution could not be heard. The way this is set up is that PAC has a Vice Chair, but is also a member of the general student body. I want to respect the sanctity that a non-Senator cannot simply

fill-in for a Senator, but in doing so I want there to be another Senator that can help fill in, in an adjacent role. Allows for you to have another Senator who can come to PAC meetings, hear what's happening, and in Finance if something happens where I can't make it, then they can help present it. It adds just more of a way that former chair Nasworth or I naturally would have a bit more leniency. I hope this makes it easier for Chairs in the future.

- Technical Non-Debatable Questions:
 - Diaz: Would the adjunct liaison be required to attend RTAC meetings?
 - Currently it is not said for it to be required. It puts them as a co-sponsor, and co-sponsors are able to present in a primary sponsor's absence. They would of course be highly encouraged to attend all meetings and have access to things such as minutes, know what's happening, etc.

- First Round of Pro:
 - Point of Information: Bettley: Would this be for all three meetings or just presenting on the Senate floor?
 - This will be for presenting in Finance and here in the Senate. There was discussion in committee where originally unintended for the leaves to preside in the Chair's absence since the Vice Chair as a non-Senator can't reside, however there's disagreement in judiciary and it wasn't decided.
 - **Wang moves to amend: Add the phrase "But may not serve as member of the Senate finance committee" after "resolutions" in Section E.**
 - **Gonzalez seconds.**
 - **No objections.**
 - **Author finds it friendly.**
 - **Amended.**
 - Point of Information: Murray: Can only current serving Senators be in this position?
 - Senator Roy: Yes
 - Gonzalez: I think this is a great idea because the PAC and RTAC chairs have to go to way more meetings per week for their chair ship. For instance, they have to go to meetings three times a week, unlike on time a week like other committees. Ensures that we can still moving forward if the Chair is unable to be there, especially as it pertains to funding.

- First Round of Con:
 - **Bowling moves to pass bill by unanimous consent, Wang seconds**
 - **No objections**
 - **Bill passes with unanimous consent**

Bill 8

Sponsored by Senator Hunter & Senator Nemeth (P)
To transfer \$2500 from Senate Projects to the Senior Class Council for Golden Week: Spring Spirit Rally. **(Referred to Student Life & Finance. Amended and Passed in Student Life 1.27. Amended and Passed in Finance 2.1.)**

- Opening Statements:

- President Hunter: We have many goals when elected for this initiative. One of the first being intentional outreach and programming. That is a big goal of ours, and this legislation will do just that. As you heard from Kristen Harold (Junior Class Council) this event is to hopefully promote kindness on-campus. It's an event that hasn't happened before and is one of many for all of Golden Week. Junior Class Council does not have the funding to make this event possible. Our goal in Senate projects is to advance the mission of SGA and student body in any way possible. When it was brought to my attention that Junior Class Council needed extra money to make this event occur, we did everything that we could to round together Senate projects money and ensure that they would receive help from Senate. This is to help our goal of intentional outreach and programming, which you all said you were excited to do. This is something you all said you wanted to do in the 74th Senate. This is one of the ways we can make this happen. The bill an itemized expenditures is mostly for food ad operations such as generators, white tents, etc.
- Technical Non-Debatable Questions:
 - Gonzalez: How much is in Senior Class Council account?
 - \$7,500 is in the account currently. **"RECORDING INAUDIBLE"** (2:07:20).
- First Round of Pro:
 - Bowling: Finance tried to amend this, amended it three times and finally got it right. Very happy to say that this is a great piece of legislation for a great event, and I look forward to voting in favor of it.
 - Point of Information: Wang: Why such a substantial cost for Wet Wipes and paper towels?
 - **Moves to allow non-Senator to speak, Rider seconds.**
 - **No objections.**
 - **Passes.**
 - Kristen Harold: We are buying in bulk: paper towels come in pack of 1,000, wet wipes come in pack of 500.
 - Suarez: I think this is a great event. We did hear President Hunter and Pro Tempore Nemeths goals when they ran for their respective positions so why would we stop supporting them.
 - Rivers: I know that the Senior Class Council has been working hard on this event and think it would be a great chance to institute annual events for senior class council.
 - Tsouroukdissian: This is a great event. We have homecoming in the fall, and this can potentially become FSU's big event in the Spring. Bringing funding for them is something that I'm going to support.
- First Round of Con:
 - **"RECORDING INAUDIBLE"** (2:11:04) moves to call the question, Wang seconds
 - **No objections**
- Closing Statements:
 - President Hunter: Thank you for supporting our goals. This will hopefully be one of our bigger events sponsored by Class Council. Thank you, and if this passes I expect Senate to be in attendance and

provide help in any way that they can, as we will be sponsoring the event.

- **Voting Results**
 - 23 yes, 0 no, 0 abstention.
 - **Bill passes.**

Resolution 8 Sponsored by Senator Roy and Senator Russell (P)

Resolution 9 Sponsored by Senator Roy (P)
Rules of Procedure Changes regarding masks and Zoom cameras.

Resolution 10 Sponsored by Senator Wang (P) Pfeuffer-Ferguson (Co)
Honoring the cultural and historical significance of Lunar New Year.

- Opening Statements:
 - Senator Wang: This is my Annual Lunar New Year resolution that I write. Last year there was a bad shooting in Atlanta that targeted an Asian-owned spa. This really impacted me, specifically as I'm from Atlanta and am Asian. That is why I've started this trend of writing these Annual Lunar New Year resolutions. It begins at the starts of the Lunar New Year. Also talks about kinds of things Asian-Americans adore in our country and some of the racism we still experience today. It is also expressive in support of the ASU, which is a home for many of us on campus, and to express our support for their Lunar New Year activities.
- Technical Non-Debatable Questions:
 - None.
- First Round of Pro:
 - **Gonzales moves for the resolution to be read in its entirety, Bettley seconds.**
 - **No objections.**
 - **Bettley makes a motion for a non-Senator to speak, "RECORDING INAUDIBLE" (2:23:45) seconds.**

- **No objections.**
 - **“RECORDING INAUDIBLE”** (2:24:05) Thank you Senator Wang for proposing this resolution. I serve as the graduate advisor for the ASU, and I do want to support this bill. I also want to clarify the “1.5 million” to be changed to “1.5 billion,” but thank you.
 - **Spelling error fixed.**
- First Round of Con:
 - **Diaz moves to pass the resolution by affirmation.**
 - **No objections**
 - **Passes by affirmation**
 - No speakers regarding con.

New Business:

- **RTAC Elections**
 - President Hunter: RTAC Senator has resigned, the position of RTAC Chair is open.
 - **Gonzalez moves to open floor for RTAC nomination, Suarez seconds.**
 - **No objections.**
 - **Nomination floor is opened.**
 - Bowling nominates Senator Rider, Suarez seconds.
 - Rider accepts nomination.
 - Gonzalez nominates Senator Rivers, Wang seconds
 - Rivers accepts nomination.
 - Rider nominates Senator Diaz, Gonzalez seconds
 - Diaz does not accept nomination.
 - **Gonzalez moves to close the floor for RTAC nominations, Wang seconds**
 - **No objections.**
 - **Nomination floor is closed.**
 - Nominee Rider: I would really like to be the RTAC Chair, I understand we only have a few more weeks left, I will be focused and wake up thinking about this position. A little but about me, I’m on the board for Habitat for Humanity at FSU, I’m the events and trips coordinator so I’ve had a lot of political experience figuring out what’s going to happen for travel plans. I think that I’m the best person for this role because I’m the person who actually does this for an RSO, so I understand how much money you really need for things. I also listen to the person and speak of them in terms of what they need. I show up to every meeting and anything asked of me. In my position for Habitat for Humanity (which I do every weekend) I wake up every Saturday-sometimes it’s thirty minutes away, other times an hour-and I’m the one who plans driving, shirts, food, things like that. I understand the \$22,000 left in the budget and more than happy to go through the statutes and remember every single thing. I do love to travel on my own, so I think I will be able to set my mindset in the perspective of this chair. I just know that I will give this position the best it can have. I promise to be there for what RSO’s propose and to follow statutes each and every day. Thank you.
 - Question One: Gonzalez: As RTAC Chair you’re asked to have an extensive amount of knowledge of the finance codes. Can you talk about what specifically RTAC funds and what categories that RTAC funds them in?
 - They help to fund travel and organize logistics. They even have a section for mileage. Figuring out logistics. Seminars are one of the really cool things that I think RTAC gets to do. I’m really interested in helping RSO’s if they need to

travel off-campus and sticking with the finance codes in various circumstances.

- Question Two: Roy: Would you have any plans for how you wish to advertise RTAC funding, or any ideas how you would make this more accessible for students and RSO's?
 - As an executive member of an RSO, I honestly didn't know there were so many great opportunities through RTAC. I would love to reach out to other executive members of RSO's and show them the amazing opportunities to the Student Senate and FSU can offer. I am accessible and willing to reach out if anyone needs help. I think my ability to reach out to people makes me a perfect nominee as well.
- Pro:
 - Murray: I have so much respect for this candidate and can attest to her persistence in learning all the codes. She is way more knowledgeable about this stuff than I am, even having been in Senate less than I. I appreciate her willingness to go out and learn and ask questions. I have full support in this candidate.
 - Suarez: I've had the opportunity to spend a lot of time with Senator Rider, hearing all the passion she has for Senate and desire to become more involved. Previous Senators have said she's already so knowledgeable about so much in such a short amount of time. I'm really impressed.
 - Diaz: As we have seen, Senator Rider is a beaming ray of sunshine. I know that she is about to be dedicated in getting RSO's the funding that they need and in being in close communication with them
- Nominee Rivers: I want to make the most with my time here on Senate. I understand that RTAC works with RSO's to give them funding for events outside of campus. They deal with travel expenses, lodging, etc. I believe this is an important job for the RTAC Chair to respectfully and equally deal with RSO's to ensure that each RSO gets an equal opportunity to go out to those conferences and things of that nature. I know it's very important for some RSO's to go out to national conferences and be able to represent FSU as a whole. I would love to be able to allocate those funds for those different organizations.
 - Question One: Tucker: What is your experience working with the RTAC or other resource allocation committees at FSU?
 - I don't have any experience at the moment with RTAC at the moment, but I work closely with the Senior Class Council Treasurer and Junior Class Counsel Treasurer. Even though I'm not financially certified, I have watched them in their field and they have explained the process. Thus I have been able to help out with some of those things for the Senior and Junior Class Councils.
 - Question Two: Roy: Would you have any plans for how you wish to advertise RTAC funding, or any ideas how you would make this more accessible for students and RSO's?
 - Before I became involved in the SGA I knew what PAC was but I did not know what RTAC was and will hopefully have someone help me reach out to those different RSO's explaining this as an option. There are many committees and organizations that RSO's would love to go to, but they do not know that this is an option. I want to be as equal and fair as possible, so I want every single RSO to know that this is an option for them.
 - Pro:
 - Gonzalez: I think for RTAC Chair it's super important that they have the knowledge of the financial manual. These RSO's do not have as much knowledge of RTAC and I believe that Candidate Rivers and his working with the Treasurers of the Class Councils has experience of the financial manual.

- Wang: I have worked closely with Candidate Rivers and have seen his work as the Secretary of the Junior Class Council. I want to emphasize that although he is new, our former RTAC Chair was also confirmed the day that he was elected. I think this is a great stepping stone for people to learn more about the financial manual and what the finance code encompasses. But also I think his experience on Junior Class Council is really valuable, and I think that this will only further his career in SGA. I have full faith in this candidate.
- Bettley: This candidate is extremely dedicated to the work he accomplishes. He is always going out of his way to ensure that everyone is involved in the process, gets the equalness they deserve, and I believe that he will be able to effectively reach the general student body to let them be aware of this committee. As he has already work with Junior Class Council, he already has some of that outreach experience. RTAC does a lot of work but I really think that being able to inform all sorts of RSO's we can bring more to that committee and Senate as well.
- **Voting Results (secret ballots):**
 - **Senator Rider is elected as RTAC Chair.**

- Tucker: We had a great tonight. I just want to speak in reference to something that we explained earlier regarding FSU Chabad. There will be times when RSO's will **"RECORDING INAUDIBLE"** (2:58:35) they have come to be treated like any other and it is our duty to put aside any personal political beliefs and instead focusing solely on facts about their funding requests. **"RECORDING INAUDIBLE"** (2:58:44) I hope both tonight and going forth we have and are able to accomplish this.
- Gonzalez: I am the Liaison for the BSU and it is Black History Month. They're going to have a ton of programming coming up so if you can, please make it out to at least one event, especially with the significance of the month. Thank you.

- Rider: Thank you to everyone for making Senate feel more comfortable. Please take time to reach out to any of the new Senators, it means a lot. Thank you for the support that you guys give me.
- Bettley: The hunger free campus act is going through the Florida Senate and I would really like to do something to recognize the bill in our Senate. You would be surprised by how many students are faced by hunger or homelessness on a daily basis. A lot of them have resources but are not aware or knowledgeable of resources on campus. Please message for any questions.
- DuChêne: Spring is important for College of Fine Arts for performances. Have been denied some past springs due to COVID-19, thus this will be the first 'true' spring of performances since I have been at FSU, the Spring of 2019. We have some big opportunities coming up. The first will be 'Cinderella' and the School of Theater from February 16th to February 27th, 'Men on Boats' (a play with a full cast of all women and non-binary actors) from February 23rd to March 6th, and in the School of Dance for the first time in two years 'Days of Dance' will be happening from April 15th to 23rd. Make sure you look into those.
- Roy: Thank you all for your time listening to all the bills that went through and then of course the debate session with PAC. I know it always is important and I absolutely love seeing you guys come on Mondays, so thank you so much to Senators Diaz, Tucker, Drakley, and especially Destiny Noel who is someone who has attended several meetings so far and definitely is someone who keeps it up all the way through, even though at times we may have two and a half-hour meetings. If any of you are interested in seeing how we work, what our funding board is, or if you have any concerns please feel free to talk to me because I do go back to the PAC members and discuss any of your concerns-bridging any gap that may arise between PAC and Senate. Tyler Roy News. It pains me that some of you have not seen what Tyler Roy News is yet just because it's been time since I started working, etc. I just didn't have time to make it. I wanted to talk about OGA because we have Day at the Capitol next week, so make sure to head out, you can actually say hi myself and others. We have a lot of people working at the Capitol, thankfully in the upper chamber. I hope to see you guys there. Thank you for your time, have a great night.

Officer Announcements:

- Press Secretary Allen: I would like to formally introduce myself. Please everyone fill out consent form. I linked it in the chat and GroupMe, it's so appreciated. Please feel free to email me at any time if you have any questions. There will be a Google Drive setup to where you can upload any pictures to be considered for the social media.
- Historian Cofer: Thank you so much for this opportunity.
- Parliamentarian Rowan: Congratulations to all of our new positions. Legislative session in Florida is happening. Keep your eye on legislation in the Senate and House that bans any government level under the state government from having rank-choice voting. If the bill is passed and signed into law we will likely have to make some revisions to our proceedings. Event regarding Parliamentary Procedure will be happening soon, will hopefully be mandatory. I promise you that no matter how long you've been here, a little refresher never helps.
- Pro-Tempore Nemeth: Congratulations to all of the new positions. Very excited that our leadership team is almost full. Thank you for making our meetings more fun and uplifting. Everyone on Zoom please keep your cameras on. For those in-person, please remain off your phones. Finally have access to Pro-Tempore email so please direct emails there. Having major issues with attendance: ten on verge of being suspended. Please just let your friends know, there is no shame in resigning as it allows for someone else to come in.
- President Hunter: The **"RECORDING INAUDIBLE"** (3:09:55) Committee needs representation from Senate if anybody is interested. What really triggered me in getting interest from you guys is

if we are going to raise our **“RECORDING INAUDIBLE”** (3:10:11) or keep it the same. Please reach out to me immediately if want to be on the committee. Thank you for helping Pro-Tempore Nemeth and I advancing our goals. We understand that \$2,500 from Senate Projects is around one-third of our budget. However, I know the Senior Class Council and Executive Branch are appreciative of that. But more importantly, the student body is going to benefit a lot from that. Because of that I would love to see each of us at that event. It will be a pep-rally-type week/event for kindness. As we do have a lot of new Senators, parliamentary procedure makes life easier for all positions. It will be mandatory. If you have any questions about anything, please refer to Parliamentarian Rowan. I am thankful for OJA or our FSA Reception. I got to speak with a lot of other Senate Presidents at other universities, and it seems I'm very lenient. Other Presidents don't allow phones, computers, talking, iClicker votes, etc. I want to keep it that way as I understand phones are needed to access Canvas. However, if texting or messaging during meetings persists, phones will not be permitted. If you want your fellow Senator to ask a question, arrange that prior to the Senate meeting. Cellular devices are still permitted, please refrain from messaging each other. In terms of Zoom, Cameras should be on and you should be in a room alone during our Senate meetings. If you have a friend who doesn't wish to be in Senate, they can certainly resign. Resignation is an option and allows others to be in Senate who have a desire to be here. Reach out to President Hunter for resignation information. Zoom links in meetings does not suffice as an announcement. Meeting minutes need to be posted to website 24-hours prior to meeting (including Zoom link). Will no longer be accepting any business that has occurred from a meeting where the Zoom link was not **“RECORDING INAUDIBLE”** (3:16:35). I want this to be clear so nobody is blindsided in the future.

Advisor Announcements:

- Jacalyn Butts: Accounting is hosting informational sessions about accounting process you can drop-in on February 7th from 1:30pm-2:30pm and February 9th from 10:30am-11:30am. Further information will be posted to the SGA website. Please tell RSO's about this. Election season is occurring and have been receiving numerous reports. Report harassment, bullying, etc. and please review the elections code: no political party affiliations in the Senate chamber. We have a new election system: please email Supervisor of Elections or myself with questions. I've been enjoying the discourse, listening and encouraging each other. Please be respectful to one other an your cellular device use.

Final Roll Call:

-Refer to Attendance.

Adjournment:

- **Pfeuffer-Ferguson moves to adjourn the meeting.**
 - **Meeting is adjourned at 10:58pm.**
