Land Acknowledgement:

Senator Kleinmetz: The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

Messages from the Executive Branch:

- Jack Folwell - *Policy Director*:
 - So, I am here today to speak in support of Bill 27, which is an infrastructure bill, for the governing documents that exist below. Statutes have authority over them. These exist in a lot of areas of SGA, but they are everywhere, disorganized. This is one category to organize them all under. This needs to happen to keep these organized. We chose these three bills very specifically, because they tend to change year to year, and the process of Senate approval takes about a month, at which point, new admin is already in their term. Because of these issues, we see the same bills changing these same parts over and over again, based on personal preference, all of which are responsible, but annoying to keep doing! Please reach out if you have any questions!

Messages from Agencies, Bureaus, Affiliated Projects, and SGA Organizations:

- Jordan Brown - *Civic Engagement Board Director*
 - Hey everyone, as you may remember in my confirmation before spring break, we will be having an event in the works. The event with PIRG is this event! There will be a tabling portion, and then from 2-4, there will be an alumni panel, talking about getting civically engaged, and then a networking portion. I would love to have you all here, most of you are new on campus, and I want to help spread the word. This would help it go places! Thank you!
- Elizabeth Castellanos - *HLSU*
 - Hey y'all! Thank you to all who came out to the festival! It is here till 9:30! I did bring some merch to show y'all, as a thank you!

Messages from the Class Councils:

Messages from the Congress of Graduate Students:

- None.

Messages from the Judicial Branch:

Messages from the Union Board and Campus Recreation Board:

- Lydia Garcia - *Union Board Chair*
 - Hey y'all, I am Lydia Garcia, I am the 59th Union Board chair. We wanted to thank you all for working with us during our terms! We hope that the Senate continues to work with the Union Board to keep making changes. We had our final formal meeting, where we had our formal report, and voted on our policy manual. It is the Union Board bylaws basically. If you are interested in seeing the things we have achieved this year, stay on the look out! Thank you!
