Land Acknowledgement:

Pedraja: The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

Special Introductions and Announcements: None.

Messages from the Executive Branch: None.

Messages from Agency and Bureau Directors, SGA Organizations Officers and Employees:

- OGA Director Puwalski: Happy Halloween everyone. We have a few candidates for confirmation tonight for OGA. Omer, Emma, and myself interviewed and looked at all applications, and found these individuals to be the best. We had twenty applicants and were concerned as we had to interview all of them, but I'm glad we went through that process. These are the best of the best. Keep in mind that not everyone applying is a political science major, that's fine – we want a diverse skillset so also keep that in mind. Everyone brings something to the table and something they're good at, and we're so excited to have them all. One candidate will encourage you to vote 'yes' to move into Internal Affairs as a whole – the same effect of going through two confirmations help us settle our Board, to get things going as we're currently behind schedule. Please keep that in mind as well. Thank you.
- PSU Director Soto: We have an Assistant Director for confirmation tonight, please give them some grace as this is their first time working with SGA. They passed through Internal Affairs on Monday (10/24) and we're hoping they will be heard before the motion to enter Internal Affairs as a whole. On another note, we are in the middle of Pride Month and have some events left so be on the lookout for some t-shirts and other fun opportunities/events. Thank you.
- JSU Director Bowden: Hey everyone. I am the director of JSU – we appreciate anything you guys do in relation to the Jewish community, however, please make sure you are contacting me first. I know there was a lot of commotion last week and I wasn't aware of any of it so communicate with me. Come find me and talk to me, I would love to sit down with you and make sure our discussion reach the proper Jewish leaders on campus. I am the primary contact for JSU. We're also looking for a liaison so if you're interested please let me know. Lastly, tomorrow (10/27) we will be having our GBM Halloween-themed and would love to see you in the Globe and will have treats to give out. Thank you!

Messages from the Executive Cabinet:

- Sam Youngston: I'm the Director of Investment and I'm trying to put together a **INAUDIBLE**. I want to make sure you know as I send out invites that I'm not going to waste your time and there won't be a hard-paced deadline on this progress; rather, it will be a slow progression to enhance conversation. We will ensure we are all supporting one another, and reviewing statutes and clarifying contradictions. Thank you.

Messages from the Class Councils:

- Senior Class Council President, Bruce Suarez: Good evening. If you heard of the Freshman Class Council Bill, that's why I'm here. Class Councils work to create unity amongst graduating classes and intra-classes with socials and academic programming.

As an SGA entity our programming is open to all students regardless of their class to engage all classes in a new way. Currently, the programming occurs with Senior, Junior, and Sophomore Class Councils – all budgeted where we aim to maximize funding. We have seen a great amount of interest from Freshman seeking to get involved in Class Council, which doesn't currently exist. Students, faculty, and administration have raised concern about this and steps we can take to alleviate this problem – we're all looking forward to this. The Freshman Class Council Bill was failed by Judiciary after months of meetings with Senators, SGA staff, and administration so it was disappointing to see something be rejected that was supposed to be fruitful. If there's anything you can gather from my presence tonight, it's that we're all here to represent our elected community. I believe the installation of this Council is the first step to engage the student body. Please do not disregard thoughtful efforts of other leaders in SGA, and please aim to represent our communities in the best way possible. I look forward to working with all of you in the near future.

Messages from the Congress of Graduate Students:

- Deputy Speaker of Finance: I'd like to acknowledge Chairs Folwell and Bettley on all their hard work for the Sweepings Committee. I'm appreciative the Sweepings Bill passing and want to tell you about a Resolution we passed last week – Resolution 7 regarded current events in Iran. The Resolutions stands against the death of Mahsa Amini while in custody with Iranian Morality Police and in solidarity of protestors risking their lives, and in solidarity with the Iranian student population at FSU who are mostly graduate students. We collaborated with the Iranian Student Association for this Resolution – please follow them on social media. They post events and are hoping COGS will be able to sponsor events, and if you feel inclined to write your own Resolution on the matter to create a united front between COGS and the 74th Student Senate.

Senate Confirmations:

- Aidan Webster – Pride Student Union Assistant Director (5 Applicants)
- Opening Statement:
 - I use they/them and he/him pronouns. I am a fourth-year pursuing a dual degree in Accounting and International Affairs. I'm honored to be here today (10/26). As someone part of the LGBTQ+ community, I have struggled to find support and know the importance of PSU. I want to give back to the community and advocate for our rights and ensure all students have a safe space. I will use my past experiences in multiple leadership roles to accomplish this ambition. I have experience in Orientation and being a Student Coordination. I believe I'm qualified with my past experiences that have allowed me to advocate for the community. I've connected closely with other students and provide resources to other students. I'm ready to do my best to bring that to a larger scale in this position. Thank you.
- General Questioning:
 - Casiple: How do you plan to make sure you can collaborate with current plans for PSU, knowing the Board is already established?
 - I've worked with Ash and knew how they work and have been in the GroupMe and have been keeping up. It's been an easy transition having known Ash and everyone on the Executive Board has been welcoming. I have plans to jump right in.
- Closing Statement:

- Thank you again for your time and consideration, it's been an honor to speak before you. I hope to continue to represent these communities through my experiences.
- **Voting Results:**
 - **30 yes, 0 no, 0 abstentions.**
 - **Aidan Webster is confirmed as Assistant Director, Pride Student Union.**
- Georgina Patient - Office of Governmental Affairs, Board of Directors (9 Applicants)
- **Opening Statement:**
 - Thank you for your time. My love of politics has been longstanding, having been raised in United Kingdom. Moving to the U.S. I found the two systems different, and am still learning things, however this fuels my desire to get more involved. I believe I'm a strong candidate. Firstly, I possess ample experience in government and spent this past summer in DC on Capitol Hill that gave me experiences in the field. This semester I'm interning with Al Lawson and am lucky to be an intern during midterms season as I aid the Congressman on the campaign trail. I'm honored to be a 2021-22 fellow for the Institute of Politics. I am excited to work in OGA in a bi-partisan faction to craft next year's legislative agenda to maximize our impact. I welcome advocacy and lobbying as we seek to advance FSU's goals. I will develop 'FSU Day at the Capitol' further. We will further FSU's commitment to celebrate elected officials and diversity. OGA should have a solid establishment of campus presence and I've have had extensive social media experience that I wish to utilize from a breakdown of OGA's legislative agenda – to encourage people to apply for programming. I'm enthused by the challenge and feel I have the experience to succeed.
- **General Questioning:**
 - None.
- **Closing Statement:**
 - Thank you for your consideration – I'm excited to utilize my long-standing passion of politics in OGA.
- **Voting Results:**
 - **30 yes, 0 no, 0 abstentions.**
 - **Georgina Patient is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**
- Brayden Harrell - Office of Governmental Affairs, Board of Directors (9 Applicants)
- **Opening Statement:**
 - I was a Senator in the Summer Senate and was the former Vice Chair of Internal Affairs. I'm a soon-to-be senior studying Political Science with a minor in Economics. We have to serve people around us; SGA serves a diverse and include community for everybody. I led my own campaign in a statehouse race in

an open race. Our campus is diverse in thought which we have to be representative of. My ability to reach across the aisle will be influential. As a regional representative, I had to be focused on what my Senator was doing in DC and becoming familiar with his policies which was important for our constituents. I hope my experiences can be leveraged here in OGA. We want to bring up our social media presence. I am also the President of Delta Sigma Phi and have served as the advertising and social media manager of my campaign, having knowledge of social media. Whether local, state, or federal, everything passed affects you personally so we want to make you are knowledgeable on our elected officials. I hope you support me.

- General Questioning:
 - Anderson: I saw you're passionate about CARE students?
 - As a CARE student myself, CARE students can have a hard time supporting themselves and I want to see our representatives continue supporting us. Food insecurity is a big concern and I want to make sure no student at FSU goes hungry, and I'll work hard to lobby against any policy that harms CARE students or those affected by food insecurity.
- **McMahon moves to enter 'Roundtable Discussion,' Kariher seconds.**
 - **No objections.**
 - **Senate enters 'Roundtable Discussion.'**
- Roundtable Discussion:
 - Schindler: I think all the candidates are qualified.
 - DuChêne: I'm impressed by Candidate Patient's application for her focus on the Global south, immigrant communities, etc. and think her perspective will be valuable.
 - Kariher: I support the PSU Candidate and urge you all to vote in favor.
 - **Barrett moves to forward the candidate individually, Suarez seconds**
 - **No objections.**
 - **The candidate is forwarded individually.**
- Closing Statement:
 - It's great to be back and I want to continue to stress my commitment to bi-partisan legislation. I've worked on both sides of the aisle and think the greatest strength lies in unity.
- Voting Results:
 - **27 yes, 1 no, 1 abstention.**
 - **Brayden Harrell is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**
- Eric Babchin - Office of Governmental Affairs, Board of Directors (9 Applicants)
- Opening Statement:
 - I am a senior Political Science student. I've been involved in OGA since freshman years in "Noles engaged in politics." I learned the importance of being bi-partisan and connected with like-minded students. Through "Nole Day at the Capitol," I found a passion for issues I believe in, such as Bright Futures funding,

University funding, and lowering textbook prices. I served as the primary contact for 160 legislators regarding DCF. Through my time at DCF, I have learned more about Florida politics and became more knowledgeable about state government. I hope to use my experiences to help OGA's interests.

- General Questioning:

- DuChêne: in your application you focused on Bright Futures funding, I represent the College of Fine Arts which have had proposals to cut Bright Futures funding to only careers the legislature view as 'valuable,' so could you speak more on what you think the value of Bright Futures is and what you hope to bring to the table for all students.
 - Certainly - Bright Futures is important as it allows us to go to college in Florida and lets us focus on other expenses. Bright Futures ensures Florida students are kept in the state, and we need to emphasize this fact to the legislature.

- Closing Statement:

- Thank you, I look forward to working with the OGA Board to increase awareness on our campus. Thank you.

- Voting Results:

- **25 yes, 5 no, 0 abstentions.**
- **Eric Babchin is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**

- *Pro Tempore Nemeth administers the 'Oath of Office' to all the above candidates.*

- Lauren Hansel – Office of Governmental Affairs, Board of Directors (9 Applicants)

- Opening Statement:

- I'm originally from Palm Beach, Florida, I'm an Advertising major and am involved in Chi Omega and serve on the sisterhood support team. I also serve on the Seminole Student Boosters Executive Board which retains money for a scholarship for a chosen athlete on campus. I've worked for a Public Relations firm in Tallahassee, Florida for local politicians and local companies. I'm excited to use my experience to get others knowledgeable about OGA and am excited for the opportunity that faces me.

- General Questioning:

- Rider: All of you had nine applicants so can you tell me what makes you stick out?
 - I'm advertising major, not Political Science, so I'm different. Making OGA more accessible to students is something I would love to do – I'm not the cookie cutter Political Science major.
- DuChêne: In your internship with the marketing firm you said you loved people and fresh ideas, while they advocated against public transportation, for big tobacco, etc. what's your interpretation?
 - I worked alongside some people in OGA, made Public Relations lists, and did the dirty work for our higher-ups, but none of my work affected

tobacco or anything along those lines. I reached out to local politicians but nothing along those lines.

- **Suarez moves to forward the candidate individually, Carter seconds.**
 - **No objections.**
 - **The candidate is forwarded individually.**
- **Closing Statement:**
 - Thank you for your time, I want to ensure that FSU students feel they are being advocated for and I would appreciate your support.
- **Voting Results:**
 - **24 yes, 1 no, 4 abstentions.**
 - **Lauren Hansel is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**
- Natasha Harwood – Office of Governmental Affairs, Board of Directors (9 Applicants)
- **Opening Statement:**
 - I am a Junior pursuing a Dual Degree in International Affairs and Environmental Science. I was elated to find that my personal strengths aligned with OGA's initiatives and am hoping to continue my second year on this Board. Being immersed in this role last year, I built a strong foundation of skills and have learned the operations of OGA to improve in the future. In my past two internships I learned a lot; I believe the skill of recruiting people and creating lasting relationships will only uplift the efforts of OGA – I also worked in victim services to speak and advocate with victims of sexual assault and raise awareness. We have so many opportunities due to our proximity to the Capitol and I know the importance of our work.
- **General Questioning:**
 - Rider: All of you had nine applicants so can you tell me what makes you stick out?
 - I think my previous experience in OGA made me more aware of the processes. My work with advocacy emphasizes the purpose of OGA.
- **Closing Statement:**
 - Thank you for your time and I can speak on behalf all of us that we're passionate, and passion drives change – if given the opportunity will do good for our campus.
- **Voting Results:**
 - **28 yes, 0 no, 2 abstentions.**
 - **Natasha Harwood is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**
- Melanie Leyva - Office of Governmental Affairs, Board of Directors (9 Applicants)
- **Opening Statement:**
 - I am a Political Science major minoring in Law and Philosophy. I've been passionate about the U.S. government, and this year focused on the legislative

process and had an internship at a law firm where I saw how it influences people positively and negatively – and also saw how people can use other’s ideals to influence their own. It’s important to have a diverse perspective in OGA to advocate for several different areas. I’m a part of the Cuban American Student Association so I can see how some minority groups can be looked over. Overall, I think OGA has been a great experience. I saw how education plays a large role and I think it’s important to educate students on what’s out there and voting initiatives.

- General Questioning:

- Rider: All of you had nine applicants so can you tell me what makes you stick out?
 - My background in education – I have been educating people since my sophomore year in high school and think a big part of representing others is there understanding of our current events. I worked as a Student Coordinator for the Center for Leadership and Social Change where I helped lead an event for the intersectionality of women understanding what it means to be a woman and a leader.

- First Round of Pro:

- None.

- Closing Statement:

- Thank you for coming out tonight and for everything you do on our campus. I hope to learn from each you and the potential OGA board.

- Voting Results:

- **29 yes, 0 no, 0 abstentions.**
- **Melanie Leyva is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**

- Brayden Sanchez - Office of Governmental Affairs, Board of Directors (9 Applicants)

- Opening Statement:

- I want to thank the Internal Affairs Committee and for all of you. I’ve been passionate for politics and after arriving at Florida State, that passion expanded. Advocating for food insecurity, student veterans, and Bright Futures are my initiatives. I’ve worked grassroots for several campaigns including Marco Rubio. I was a student in “Noles Engaged in Politics” and have lobbied on behalf of FSU at ‘FSU Day at the Capitol.’ I’ve been – or currently – involved in numerous campus organizations. I bring a lot to the table and believe I’m qualified for the role.

- General Questioning:

- Rider: All of you had nine applicants so can you tell me what makes you stick out?
 - Experience – as far back as high school I’ve been involved in politics. I’ve worked with OGA, lobbied on behalf of FSU at ‘FSU Day at the Capitol’ among other experiences.

- First Round of Pro:
 - None.
- Closing Statement:
 - Thank you for your time. We're all qualified and passionate so I hope you confirm us. Thank you.
- Voting Results:
 - **20 yes, 0 no, 0 abstentions.**
 - **Brayden Sanchez is confirmed on the Board of Directors, Office of Governmental Affairs (OGA).**
- Zorian Tullock - Office of Governmental Affairs, Board of Directors (9 Applicants)
- Opening Statement:
 - I am a Political Science major with a minor in Communications and Business. I currently intern for the Al Lawson campaign which has taught me a lot on how it is to communicate with people outside of FSU and in the Tallahassee area about voting. We saw the importance of communicating with voters – we need to represent the residents of Tallahassee alongside the FSU population. I lobbied with NAACP on a Bill that talked about critical race theory, which I think is important. I am a CARE student and believe to have been influenced by our education. I can continue this by using my skills to take on bi-partisan approaches and by making sure all of us are doing the best things for our campus, even for those that may not look like us. We should all continue to advocate for diversity. I would not be here without CARE and am pleased to stand here before you.
- General Questioning:
 - Rider: All of you had nine applicants so can you tell me what makes you stick out?
 - My environment and the way I was brought up and my passion. I realize that we have different passions – mine are based off my identity and items that stick to my heart. It is important to recognize diversity for all. Being a person that wants to advocate for all is my reasoning due to my passion for diversity.
- First Round of Pro:
 - None.
- Closing Statement:
 - Thank you for your time and I'd love to get to know you as well as work to advocate for students. I would like to thank OGA for having me here. I will be sure to uphold all the promises I have made.
- Voting Results:
 - **27 yes, 0 no, 1 abstention.**

- Alexis Dorman- Office of Governmental Affairs, Board of Directors (9 Applicants)

- Opening Statement:
 - I'm a second year pursuing a Dual Degree in International Affairs and Political Science with minors in Education and Chinese. I was unable to attend the Internal Affairs Committee's hearing as I was in Fort Pierce, Florida for the gubernatorial debate in-person. I will work to convey my skills and experiences to make me a qualified candidate. I am the founder of a 501(c)(3) career aid for young immigrants and refugees and am a hunger and homelessness campaign coordinator for PURG. I've had the opportunity to lobby on local, city, and at the statewide level. My involvements with political organization on campus and in various campaigns have allowed me to develop my grassroots abilities. My skills will be valuable in working with students and legislatures. Thank you.

- General Questioning:
 - Rider: What makes you different than the other applicants for your position?
 - I'm already working to lobby for the hunger-free campus grant Bill which has bi-partisan support to provide grants to colleges and universities in Florida to expand food pantries and increase SNAP benefits. This has been talked about at the Board of Governors meetings, and OGA will work to lobby for this bill.
 - Crocker: Can you elaborate on expanding the OGA social media presence?
 - Grass roots is important with OGA. Whatever OGS does is invaluable if students don't know about it. I run the social media for HAS and College Democrats at FSU and I think it's important to engage with the student body directly and to increase event participation.
 - **Carter moves to enter 'Roundtable Discussion,' McMahon seconds.**
 - **No objections.**
 - **Senate enters 'Roundtable Discussion.'**

Bill 82 Sponsored by Senator Folwell (P) Suarez (Co)
This bill makes it so that instead of being slated and voted on as a group, Campus Recreation and Union Board candidates are given individual seats that will be voted upon separately. **(Referred to Student Life and Judiciary 10.12. Passed in Student Life 10.14. Passed in Judiciary 10.18. Tabled on the floor 10.19.)**

- Opening Statement:
 - This Bill makes it so that instead of voting on the Campus Recreation and Union Boards as a whole, you select eight candidates in one category and the eight with the most votes wins. For example, political parties run eight candidates for Campus Recreation and if there's one candidate you like and another you don't, you're desensitized to vote for the candidate you prefer. I think this system is not intuitive when the process for Senate is much more intuitive way. I've talked to the Chairs of the Campus Recreation and Union Boards, and the Chair of the

Union Board said this is something she has been advocating for. The Supervisors of Elections (SOE) also prefers this system.

○ General Questioning:

- DuChêne to Folwell: Sometimes independent candidates run for these positions and as it stands it forces independent candidates to run a campaign on themselves as their not directly running against anybody. Under these modifications, that would put such independent candidates against one or two specific individuals – you mentioned this will make ticket splitting possible – could you address this hypothetical?
 - I don't think internally focused campaigns are restricted by this. When we see independent candidates run for Senate they address themselves, not their opponents. In the current system, independent candidates have a small chance of election. Two parties currently dominate the ballot and makes it less likely for the independent candidate to be elected.
- **DuChêne moves to enter 'Pro/Con debate,' Maglin seconds.**
 - **No objections.**
 - **Senate moves into 'Pro/Con debate.'**

○ First Round of Pro:

- Boisvert: I think another issue this Bill addresses is the fact that on the Union Board ballot, they will often vote for the first eight names on the list which gives students an alphabetical advantage – this Bill addresses that.

○ First Round of Con:

- **INAUDIBLE:** This might make it more difficult for the independent candidate to be elected – if candidates are party affiliated voters may vote down the ballot for the party. If competing against candidates in a party, it could make it more challenging for the independent candidate.
- Pedraja: I agree with the last comment as this Bill makes it harder for voters to choose.
- Schindler: As an independent myself, I think this might hinder one's ability to be elected.
- DuChêne: I'm not decided which way I'm voting but in Senate races parties strategize where to run, and I don't think the Campus Recreation Board needs this phenomenon.
- Rivers: For independent candidates going for any other seat, you're going to have the same issues.
- Point of Information: Carter to Folwell: Why do you think the current voting process was made this way?
 - I have no idea.
- **Maglin moves to call the question on Bill 82, Anderson seconds.**
 - **Tucker objects.**
 - **Maglin withdraws.**

○ Second Round of Pro:

- Tucker: Elections will always be anti-independent candidates. Last semester a phenomenal candidate won with hardly any votes; this gives some benefit to independent candidates.
- Bell: The SOE is in support of this Bill and those qualified for the positions deserve to run – and it is brave to not run with a party.

- DuChêne: Candidates getting 8% of the vote is a vile result and doing away with that will be a benefit, but I don't think this Bill or the status quo will help independent candidates. To embrace independent candidates, that will require other work.
- Schindler: This brings uniformity across SGA.
- Suarez: I worked closely with the Elections Commission over summer and I think this is a great piece of legislation that gives them the opportunity to hone in on their focus, and it will level our elections process.
- **Pedraja moves to call the question on Bill 82, Boisvert seconds.**
 - **Schindler objects**
 - **Pedraja withdraws.**
- **Schindler moves to 'Con.'**
 - **No objections.**
 - **Senate moves to 'Con.'**
- **Second Round of Con:**
 - Schindler: **INAUDIBLE**,
 - **DuChêne moves to call the question on Bill 82, Bell seconds.**
 - **No objections.**
 - **The question is called on Bill 82.**
- **Closing Statement:**
 - Thank you for the debate. Oftentimes the general student body doesn't care which can have unintended consequences. I hope this makes life easier for those who run as independents.
- **Voting Results:**
 - **24 yes, 1 no, 4 abstentions.**
 - **Bill 82 Passes.**

Bill 83 Sponsored by Senator Folwell (P) Suarez, Tucker (Co)
 This bill clarifies that the times FSU SGA elections are open shall be during Eastern Time. **(Referred to Judiciary 10.12. Passed in Judiciary 10.18. Tabled on the floor 10.19.)**

- **Opening Statement:**
 - Last spring we opened elections and closed them when the time said, but had to wait to hear the results as the Panama City campus is in a different time zone. As statutes are vague, I clarified that elections are to be open in 'Eastern Standard Time (EST)'. I contacted Panama City SGA and they had no issue of passing that. ***READS STATEMENT FROM PANAMA CITY SGA REPRESENTATIVES IN FAVOR OF BILL 83*.**

**(Referred to Finance and Judiciary 10.12. Passed in Finance 10.14.
 Passed in Judiciary 10.25.)**

Bill 86 Sponsored by Senator Anand and Senator Suarez (P) Boisvert, Carter, Diaz, Folwell, Hunter, Rider, St. Hilaire (Co)
 This bill is a donation of \$2,500 to the National Pan-Hellenic Council (NPHC) Park as a gift from the Student Senate, after having this project's attention brought to Senate through FSU's Student Foundation. **(Referred to Student Life and Budget 10.19. Passed and Amended in Budget. Passed in Student Life 10.21.)**

- Opening Statement:
 - Suarez: Prior to speaking about this Bill, I want to bring attention to the Bill I passed. I worked with Bowden and Jacalyn to allocate the remaining PAC funding to this park. I was required to withdrawal the Bill on the Floor but am excited to here it tonight.
 - Anand: This Council is known as the 'Devine Nine,' which has brought changemakers to our community. The NPHC Council is one of smallest on campus with some of the largest impact – 93 involvements with \$20,000 dollars raised among numerous awards, for example.
 - Suarez: The park has been custom built for our history and will be the first of its kind in the nation, and will become a living museum for future generations. It will represent leaders and members of this organization. This park will promote Black history as it correlates to FSU.
 - Anand: This year marks 60 years of integration. The Committee deserves representation and we have the opportunity to showcase our appreciation or the community for additional funding to the park. Tonight (10/26) we have the opportunity to leave a lasting legacy.
 - Suarez: We also have the NPHC President here tonight (10/26).
- General Questioning:
 - Schindler to the Sponsors: What is the total amount that Senate Projects has?
 - President Hunter: It's in the calendar. (\$24,480).
 - DuChêne to the Sponsors: it was explained in Student Life, but could you talk about why the amount was raised from \$2,500 to \$5,000?
 - Anand: I was on a time crunch in writing this legislation, and after speaking to leaders and my co-sponsors, I was confirmed with \$2,500. However, after my co-sponsors got back to me, we realized \$5,000 would be more impactful.
 - Tucker to the Sponsors: Where will this park be located?
 - Suarez: It will be right outside the Chambers, currently where the 'D9' strolls on Market Wednesdays.
 - **Boisvert moves to allow a non-Senator, NPHC President to speak, Folwell seconds.**
 - **No objections.**
 - **The NPHC President may speak when called upon.**
 - Casiple to the NPHC President: How much is required to build this park and how much has been raised?

- \$450,000 is needed and we've raised \$100,000 to \$110,000.
- Boisvert to the NPHC President: Can you speak to how this will impact the Greek community?
 - We have our flags on Legacy Walk but other than that there isn't a true space for us to congregate. This representation will promote our historical significance. Our first organization was chartered at FSU since 1970.
- Rider to the NPHC President: How do you feel that UF and USF have huge parks and we don't?
 - UF is a good example and was a point of reference. It's necessary to create the physical space for us to promote opportunities – not having a space on-campus took the enjoyment of these organizations for me. It makes me feel a little bit left out.
- Folwell to the NPHC President: Can you give a timeline on the park?
 - This is not University-funded, and we can't start breaking ground until the full amount has been raised. It would be done in the same or next semester when starting construction.
- Schindler to the NPHC President: Are you fundraising elsewhere than this Spark page?
 - We have numerous fundraising opportunities.
- Diaz to President Hunter: If this is not budgeted from SGA, will these funds be swept at the end of the year?
 - No, it will be transferred to their account beyond our control.
- **DuChêne moves to enter 'Pro/Con debate,' Rivers seconds.**
 - **Casiple objects.**
 - **DuChêne withdraws.**
- Schindler to the NPHC President: If the goal of \$450,000 is not reached, what happens?
 - I don't know but I know this is not University-funded, so we're trying to fund at least 75% of it and seeing if the University will match.
- Schindler to the NPHC President: What amount of fundraising do you expect to come from alumni?
 - 40-50%.
- Casiple to the NPHC President: How was the \$450,000 number reached and what does that account for?
 - It was the result of materials needed to build project – most schools have some form of dedication. Student Affairs wanted something physical that couldn't be as easily vandalized and we don't believe this number will inflate. Each chapter plot will occur for each organization with details on the floor to commemorate.
- Schindler to the Sponsors: If the money is not raised how will it be given back?
 - Suarez: As of today only 50% needs to be raised to break ground, and through fundraising, Chapter and Student Foundation support, they will also be supporting with these events, etc. No circumstance would arise to give the money back – they would just continue fundraising until the threshold is met. We have a statute that says it must label – 'Paid for by SGA' and there will be a brick detailing that.
- Bell to the NPHC President: Have conversations occurred with other universities who have this?
 - We have had discussions with other universities but I'm not privy to those.
- St. Hilaire moves to enter 'Pro/Con debate,' DuChêne seconds.

- No objections.
- Senate enters 'Pro/Con debate.'
- First Round of Pro:
 - Rider: I have prior knowledge to this as I am on the Student Foundation. They have done an insane amount of work with other universities and have done research, and the fact we don't have this means we should change it. They've done fundraising and we've seen the good it will do.
 - Pedraja: I support this Bill and agree that most of us are in chapters with houses, and I think this is a great way to support the NFHC.
 - Maglin: It's ad we can't give them more, and to me is an automatic yes. I'm embarrassed we don't have a space for them currently.
 - Anderson: I went to DC and toured Howard University – an HBCU – and when we realized we don't have this, it was huge. I have a house in my sorority and seeing they don't have this simple space made me feel bad they don't have a park on-campus.
 - St. Hilaire: I'm a part of the Student Foundation so I've been able to learn about what this is. I was sad to learn we don't have a space for NPHC. I think we should support our minority students as they do so much on our campus. This can give back to minority communities and the Tallahassee community, especially as NPHC communities do so much for our communities. I don't think we're currently doing nearly enough.
 - Folwell: This is a good use of Senate Projects money.
- First Round of Con:
 - None.
 - **Rivers moves to pass Bill 86 with unanimous consent.**
 - **No objections.**
 - **Bill 86 passes with unanimous consent.**
- **Rivers moves to return to the 'Order of the Day,' Folwell seconds.**
 - **No objections.**

Resolutions:

Resolution 57 Sponsored by Senator Schindler (P) Casiple, Hockett (Co)
 This resolution promotes collaboration between the FSU Student Senate and FAMU Student Senate regarding legislation that affects the FSU-FAMU College of Engineering. **(Referred to Student Life 09.14. Passed in Student Life 10.07. Tabled on floor 10.12, 10.19.)**

- Opening Statement:

- I've been working on this Resolution – over summer I met with the Student Body President of FAMU while interning in DC, who put me in contact with the FAMU Senate President. We put together a Resolution – similarly passed by FAMU – which gets the ball rolling to collaborate and benefit the College of Engineering.
- General Questioning:
 - **Casiple moves to amend in the first 'Be it further resolved' clause, and strikeout the 's' in 'positions,' and before 'create' add 'a,' Edouard seconds.**
 - **No objections.**
 - **Author finds it friendly.**
 - **Amendment adopted.**
 - **Casiple moves to amend and add 'Casiple' as a 'Primary Sponsor,' DuChêne seconds.**

 - **Edouard moves to amend to say 'FAMU-FSU College of Engineering,' Bell seconds.**
 - **No objections.**
 - **Author finds it friendly.**
 - **Amendment adopted.**
 - Folwell to President Hunter: How do you create a liaison position?
 - Official liaison positions are in statutes and I think this is asking to create a liaison between schools – which is up to the school.
 - Folwell to Sponsors: Is it asking the school for a liaison?
 - Casiple: One from FSU and another from FAMU. I envisioned this as Senate Projects – we can fund something together and go to the other party's Senate to have collaboration to share ideas and promote collaboration.
 - **DuChêne moves to enter 'Pro/Con debate,' Bettley seconds.**
 - **No objections.**
 - **Senate moves into 'Pro/Con debate.'**
- First Round of Pro:
 - Hockett: I was a part of the creation process for this legislation and talked to all the parties involved, and everyone is onboard. This is the next step in collaboration.
 - Bell: I think it's fantastic we are using the College of Engineering as a reasoning to combine both schools.
- First Round of Con:

Resolution 63

Sponsored by Senator Carter and Senator DuChêne (P) Bettley (Co)
This resolution will condemn all forms of hate speech, drawing specific attention to antisemitism, given recent reports of antisemitic acts

committed on campus. (Referred to Student Life and Rules & Calendar 09.21. Passed in Student Life 09.28. Passed in Rules & Calendar 10.05. Tabled on Floor 10.05, 10.12, 10.19.)

- Opening Statement:
 - Carter: We heard this Resolution and had constructive debate from Senate a few weeks ago. I've been in conversation with key individuals. Even though there were conflicting ideas, we came to a general consensus on how to make this Bill the best fit for all communities while expressing our support for all of our student communities. We worked on these amendments and agreed on them collectively.
- General Questioning:
 - None.
 - **Schindler moves to amend to cross out the sixth 'Whereas' clause, Dale seconds.**
 - **No objections.**
 - **Author finds it friendly.**
 - **Amendment adopted.**
 - **Schindler moves to amend to add 'Max James, FSU Chabad President' and 'Freddy Juarez, Director of the Office of Fraternity & Sorority Life,' and 'Kai Garel, President of the Interfraternity Council at FSU and 'Daisy Badillo, President of the Multi-Cultural Greek Council at FSU and 'Karrington Hickman, President of the National Panhellenic Council at FSU,' Kariher seconds.**
 - **No objections.**
 - **Author finds it friendly.**
 - **Amendment adopted.**
- First Round of Pro:
 - None.
- First Round of Con:
 - None.
 - Point of Information: Diaz to sponsors: Did you get information on any investigations that may have happened?
 - Carter: I first talked to Freddy who stated that after the report was made they took private action where FSL did an investigation, who reached out to the chapter to then conduct an internal investigation. It seems nothing came from said investigations.
 - **Schindler moves to amend on the fifth 'Whereas' clause, after 'our own student Senate,' add 'report perpetrated by two women referenced on the @jewishoncampus Instagram account,' and delete the ', and,' Anderson seconds.**
 - **No objections.**
 - **Author finds it friendly**
 - **Amendment adopted.**
 - **Suarez moves to pass Resolution 63 by acclamation.**
 - **Hockett objects.**
 - **Suarez withdraws.**
 - Point of Information: Edouard: When you first had it you included the name of the Sorority, do you feel the Resolution holds the same weight/accountability?

- Carter: I believe it does because although the intention wasn't to cause harm, Freddy was concerned a mention of the chapter would bring some negative, unwanted attention. Following that discussion we found that discussing the context allows the context to be given whereas it's not calling out an entire group of 250 individuals.
- **Boisvert moves to allow non-Senator, Director of JSU, Emily Bowden to speak.**
 - **No objections.**
 - **Non-Senator, Director of JSU, Emily Bowden may now speak when called upon.**
- **Point of Information:** Boisvert to Director Bowden: How does JSU find this Resolution?
 - I am a part of a Panhellenic sorority, but the concept that one member doing something and reflecting an entire organization is something I think we can all relate to – at the end of the day it's the leaderships job to educate its members, the actions of one or two individuals do not reflect the opinions of an entire organization. We felt that mentioning the incidence was important and that although it was reported anonymously does not mean it had no weight. I didn't tell people I was Jewish until I was thirteen-years-old because there was no diversity where I grew up – people have various reasonings for wanting to report things anonymously. It was important the event be mentioned but we understand that it doesn't reflect all thoughts of the chapter. There is more they can do to help.
- **Casiple moves to call the question on Resolution 63, Boisvert seconds.**
 - **No objections.**
 - **The question is called on Resolution 63.**
- **Closing Statement:**
 - Carter: Thank you all.
 - DuChêne: This was mostly written in part with the Rosh Hashanah Resolution, but the clauses we're striking distract from the broader goals of the Bill, so I thank everyone who collaborated on this Resolution.
- **Voting Results:**
 - **32 yes, 0 no, 0 abstentions.**
 - **Resolution 63 passes.**
- **Bettley moves to unlock the Calendar and move into 'Bills on First Reading,' Edouard seconds.**
