Land Acknowledgement:

President Hunter: The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

Student and Non-Budgeted RSO Comments: https://fsu.qualtrics.com/jfe/form/SV_b9EVvRotPr4y03r

- Jonathan Marcus: I'm currently at Prism (the College of Music's end of season concert) so I'm not able to have my camera on. However, I just want to speak about an RTAC request you will be hearing later on today after you go into Committee Caucus. I am a former Senator and one of the things that really sparked my interest in public policy, thus leading to me being in Senate, was a trip I took to the Annual Conference of the American Meteorological Society. The RSO responsible for sending students to that conference is coming in with an RTAC request. I strongly speak tonight in favor of forwarding and passing that request because this helps FSU Meteorology continue to solidify its place as a top three meteorology program in the country. In

order to maintain that place we need the support of Senate. Thank you for hearing that request tonight and I hope it goes well.

Special Introductions and Announcements: None.

Messages from the Executive Branch: None.

Messages from Agency and Bureau Directors, SGA Organizations Officers and Employees:

- JSU Director: Thank you President Hunter. Hi everyone! I have a quick couple of updates. Treasurer applications for JSU close this Friday, December 3rd. Please share this information with anyone you may know. We would love to read their application and consider them for the position. Tomorrow, December 2nd, JSU is having a Hannukah party at 7pm in the Globe Dining Room – we would love it if all of you come. Finally - I believe Resolution Two this evening – allows JSU to have **RECORDING INAUDIBLE** (00:14:51) for our banquet instead of a buffet dinner. There's some funky statutes that says the Senate has to allow this by a two-thirds vote. So I'm asking all of you, we were funded for the plated dinner and so this just allows us to have it, it is a little time sensitive as if this doesn't pass tonight then everything is a little off-track when it comes to SGA Accounting and the Student Body Treasurer approving that. Thank you.

Messages from the Executive Cabinet: None.

Messages from the Class Councils: None.

Messages from the Congress of Graduate Students: None.

Messages from the Judicial Branch: None.

Messages from the Union Board and Student Engagement Ambassadors: None.

Messages from the Campus Recreation Board: None.

Report of the SGA Accounting Office: Remaining Balances: Senate Projects \$7,520.22, PAC \$44,691.00, RTAC \$33,600.00, and ORG Fund \$3,400

Report of Senate Liaisons:

President Hunter: Open liaison positions are Black Student Union (BSU), Women Student Union (WSU), Hispanic/Latinx Student Union (HSU), Pride Student Union (PSU), Veteran Student Union (VSU), Jewish Student Union (JSU), and Asian American Student Union (ASU). Bureau positions for liaisons are the Office of Governmental Affairs, the Center for Participant Education, the Mental Health Council, the Interresident Hall Council, the Office of Student Sustainability, the Student Council for Undergraduate Research and Sustainability, the Student Council for Accessibility and Advocacy. There's also college Leadership Councils (if I leave any off, please let me know) – College of Social Science and Public Policy, College of Health and Human Sciences, College of Education, College of Fine Arts, College of Arts and Sciences, College of Criminology, and the College of Business. Those are the open liaison positions required by statutes to be filled. We have already had interest in some of these positions so please ask me if you would like to fill one of those positions. If not, I will be appointing people to these positions for liaisons. Please contact me with your liaison request and if you don't have any liaison requests, expect to receive an appointment.

Consent Resolution 1 Sponsored by Senator Nasworthy (P)
 Allocating funding from the Resources & Travel Allocations Committee to fund the North Florida Chapter of the American Meteorological Society/National Weather Association and Power of WE.

- Opening Statement:
 - Nasworthy: Hello everyone. We have two remaining groups that **RECORDING INAUDIBLE** (01:04:03). They requested \$3,000 for 18 travelers for flights to the Semiannual American Meteorological Society Conference. Essentially the Conference is a large gathering of meteorologists in the world and a great experience for allowing these students to connect, network, and learn about meteorology. For the Power of WE, they requested funding for flights, lodging, and recreation for the SPSP Conference in San Francisco. Four of the travelers will be presenting their research. This is a conference where they will be able to represent Florida State University on a national stage and overall learn a lot and network.
- Technical Non-Debatable Questions:
 - Gonzalez: With the Power of WE you’re funding five people as a total of \$5,910 so that equals \$1,182 per traveler, correct?
 - Yes.
- First Round of Pro:
 - Diaz: At was present with Vice Chair Russell at this RTAC meeting and I can say that while the price seems high per student, the price was actually negotiated down. They requested close to about \$9,000 in funding. This Consent Resolution is a compromise for the Power of WE which will enable them to represent Florida State University in the best way possible on a national stage. The meteorological opportunity is another great opportunity to represent us to other universities, professionals, and all around the country.

- Point of Information: Gonzalez: Seeing as the Meteorology Association **RECORDING INAUDIBLE** (01:07:07) can you justify where the \$5,910 is going to?
 - The original request approached \$9,000 and were originally going to travel with six travelers, but we recognized this as quite a bit of RTAC's budget. The travel expense is for flights to and from San Francisco, with it being a cross-country flight it is more expensive. For lodging, this is just for two hotel rooms for four nights. The registration fee was for the organization and conference, which was a few hundred dollars.
 - Point of Information: Gonzalez: Where exactly were they getting under funding from? So how was Power of WE going to meet the \$9,000 originally requested?
 - Their original request included food, but we cut that as RTAC can not fund any food requests. As well as the travelers going from six to five represents the difference between the \$9,00 and the \$5,910.
 - Point of Clarification: Pfeuffer-Ferguson: As a member of the Power of WE Executive Board, they were also planning on applying for grants, but for **RECORDING INAUDIBLE** (01:09:00) for our research conference.
 - Point of Information: Gonzalez: How are they choosing the travelers?
 - Four of the travelers are those presenting their research at the conference. The fifth member is any member of the general student body interested, preferably in the College of Social Sciences.
 - Point of Information: Gonzalez: **RECORDING INAUDIBLE** (01:09:46)?
 - Yes.
- First Round of Con:
 - **RECORDING INAUDIBLE** (01:10:08) moves to call the question, **RECORDING INAUDIBLE** (01:10:15) seconds.
 - **No objections.**
 - **The question is called.**
 - **No speakers.**
- Closing Statement:
 - Nasworthy: Thank you all for your time. There are two major opportunities for FSU to really show themselves on the national stage and help our students, while bringing back a wealth of information and knowledge.
- **Voting Results:**
 - **26 yes, 3 no, 1 abstention.**
 - **Consent Resolution 1 passes.**
- *Senate moves into Resolution 2 as 'Finance as a Whole.'*
- *Order of the Calendar:*
 - Opening Statement for the North Florida Chapter of the American Meteorology Society/Weather Association Line Item:
 - Nasworthy: Again, this is just another great opportunity for our meteorological program to represent themselves on a national stage and help their expenses, especially with flights.
 - Technical Non-Debatable Questions:
 - Suarez: Where will it be held?
 - The conference will be in Houston, Texas.

- First Round of Pro:
 - Point of Information: Powell: How will they be travelling to Texas?
 - By air.
 - No speakers.
- First Round of Con:
 - No speakers.
 - **Diaz moves to call the question, Bell seconds.**
 - **No objections.**
 - **The question is called.**
- Closing Statement for the North Florida Chapter of the American Meteorology Society/Weather Association Line Item:
 - Nasworthy: I yield.
- **Voting Results for the North Florida Chapter of the American Meteorology Society/Weather Association:**
 - **32 yes, 0 no, 0 abstentions.**
 - **Line Item 1 of Consent Resolution 1 passes.**
- Opening Statement for the Power of WE Line Item:
 - Nasworthy: Again, another great opportunity for students to present themselves on the national stage and really show that we are a research-driven university to excel and get out there.
- Technical Non-Debatable Questions:
 - Powell: How are these travelers getting to their destination?
 - Again, by air.
 - Wang: How many nights are they staying in a hotel?
 - Four.
 - Suarez: Does the travel expense include the both the hotel and flight?
 - Travel expense is just the flight.
 - Suarez: Would you happen to know how much the flight is per person?
 - About \$551 per traveler.
- First Round of Pro:
 - Point of Information: Gonzalez: The Financial Manual says \$175 per night for four travelers. Doing the math on the \$2,146, it looks like your either paying for six nights or something else – it's not adding up. We can only fund up to \$1,400.
 - Yes, and I'm open to an Amendment to change.
 - **Gonzalez moves to amend the lodging line item from \$2,146 to \$1,400, Wang seconds.**
 - **No objections.**
 - **Voting Results:**
 - **32 yes, 2 no, 0 abstentions.**
 - **The Amendment passes.**
 - **Wang moves to amend the total to read \$5,164, Myers seconds.**
 - **No objections.**
 - **Voting Results:**
 - **33 yes, 0 no, 0 abstention.**
 - **The Amendment passes.**
 - Point of Information: **RECORDING INAUDIBLE** (01:40:42): Seeing as the flights have not been purchased yet, I do feel \$2,755 is quite a lot. What would it be possible to

lower the amount of flights, I just think it's ridiculous that the cost for five people travelling is close to the cost of a much larger number of travelers.

- **RECORDING INAUDIBLE (01:41:40) moves to amend the line item under travel to \$2,055, Wang seconds.**
 - **No objections**
 - **Voting Results:**
 - **19 yes, 11 no, 1 abstention**
 - **The Amendment passes.**
- Point of Information to the Chair: Gonzalez: How much are the costs for the intended flights?
 - President Hunter directs the point to the Power of WE Representative.
 - No response.
 - President Hunter directs the point to the RTAC Chair.
 - The quotes we were given included the original cost of the flights being \$3,300 combined for six travelers, but once we scaled it down to five travelers it went down to being \$2755.
- Point of Information: **RECORDING INAUDIBLE (01:46:02)**: Are they flying out of the Tallahassee Airport?
 - Yes.
- Point of Information: Powell: When you said the original cost was around \$300, but we did say the tickets were around \$500?
 - It was originally \$3,303 so now it's \$2,755. Tickets averaged out to be about \$550 per person.
- Bowling: I just googled the tickets for a one-way trip to San Francisco – it's about \$208.
- Drackley: I also did look at the tickets round-trip, it also adds up proving this to be a fair price.
- **Gonzalez moves to amend travel expenses to \$2,000, Bettley seconds.**
 - **Bowling objects.**
 - **Gonzalez does not withdraw.**
- Opening Statement on the Amendment:
 - Gonzalez: I just googled this. It says \$259 per round-trip. \$2,755 divided by five is about \$551 per person, almost \$200 over what this tells me. This is already a lot of money that were giving just for five people. If we divide \$5,164 by five people, we're funding \$1,000 per traveler – which is a lot of money. I don't believe RTAC went to Sweepings so they don't have more money. RTAC has no more money besides what they've been given, which means that we have to be fiscally responsible.
- Technical Non-Debatable Questions:
 - Tsouroukdissian: What airline was that?
 - **RECORDING INAUDIBLE (01:50:25)**.
 - Tsouroukdissian: Did that include luggage?
 - To my knowledge, even if you were to add luggage it's only like \$60 tops.
 - Kaminsky: Which website did you find these on?
 - Google.
 - DuChêne: Did you set the right dates for departure?
 - Yes.
 - Suarez: Did you choose Tallahassee Airport?
 - Yes.
 - Barrett: Could you again say the total you came up with for the specific dates out of Tallahassee for five people?
 - Per person, \$300. According to the Consent Resolution it says \$551 per person.

- Murray: Is that round-trip or one-way?
 - Round-trip.
- First Round of Pro:
 - **Pfeuffer-Ferguson moves to let a non-Senator speak, Bettley seconds.**
 - **No objections.**
 - **The Power of WE Representative can now speak.**
 - Point of Information to the Power of WE Representative: Gonzalez: Why were the prices for the airline tickets that you got for five people?
 - Power of WE Representative: Our airline tickets for five people come out to \$600 each for a round-trip.
 - Point of Information: Barker: Have you thought about going out of Jacksonville Airport because I know that only five people results in one car and parking at that airport and flying from there would be a lot cheaper, even with the parking included.
 - President Hunter directs the point to the Power of WE Representative.
 - Power of WE Representative: To my knowledge we haven't taken that under consideration, but we definitely can.
 - No speakers.
- First Round of Con:
 - Kaminsky: Given that it's not like our students are wasting their time, I don't see why this is such an issue. They're going to represent our school on a national level. These kids are representing our school nationally.
 - **Powell moves to call the question, Kaminsky seconds.**
- Closing Statement on the Amendment:
 - Gonzalez: I'm just trying to be fiscally responsible. If it's \$1,000 per person with only five people going – that is a lot of money. Every time I'm in an RTAC meeting we usually just don't fund this much per person. **RECORDING INAUDIBLE** (01:56:52). I think \$5,000 is still a lot.
- Voting Results on the Amendment:
 - **21 yes, 9 no, 3 abstentions.**
 - **Amendment passes.**
- Back to the First Round of Pro on the Original Line Item:
 - No speakers.
 - **Wang moves to amend the total of the Power of WE line item to \$4,409, Tucker seconds.**
 - **No objections.**
 - **Voting Results:**
 - **34 yes, 1 no, 0 abstentions**
 - **Amendment passes.**
- First Round of Con:
 - Tucker: While I do think this is a great cause, I believe the amount per student to still be excessive.
 - **RECORDING INAUDIBLE** (02:02:42) **moves to call the question, Murray seconds.**
 - **No objections.**
 - **The question is called.**

- Closing Statement:
 - Kaminsky: I appreciate all the Amendments made to make this more fiscally responsible. I do understand that this is a lot of money per student, but I still think it's a great opportunity for FSU to get on a national stage.
- Voting Results:
 - **31 yes, 1 no, 3 abstentions.**
 - **Line Item 2 of Consent Resolution 1 passes.**
- **Bowling moves to approve Consent Resolution 1, Russell seconds.**
 - **No objections.**
 - **Consent Resolution 1 is approved.**
- *Senate moves into 'Order of the Calendar' for Consent Resolution 2, hearing line items above \$2,000.*

Consent Resolution 2 Sponsored by Senator Roy (P)
 Allocating funding from the Programming Allocations Committee to fund the
 Flute Association at FSU.

- Opening Statement:
 - Roy: Good evening Senate. This is an organization that – since 2009 – has hosted events on-campus, specifically **RECORDING INAUDIBLE** (01:21:17). They're trying to get two guest speakers. Both speakers will be teaching Masterclasses on their respective fields and doing a recital open to the public and FSU students. This will be over the course of two days, with seven events. This was a great request because they already fundraised up to 54% of what the cost will be. We're just covering the speaker fee where they're doing the food, the venues, etc. This is happening January 7th to January 8th, thus being time sensitive.
- Technical Non-Debatable Questions:
 - No speakers.
- First Round of Pro:
 - No speakers.
- First Round of Con:
 - **RECORDING INAUDIBLE** (01:23:28) moves to call the question, **RECORDING INAUDIBLE** (01:23:30) seconds.
 - **No objections,**
 - **The question is called.**
- Closing Statement:
 - They have partnered with numerous organizations, done their research, have flyers made, and everything prepared. I'll be happy to talk more about what PAC is in the Closing Announcements, but this is a really great request that I was happy to see.
- Voting Results
 - **30 yes, 2 no, 1 abstention.**
 - **Consent Resolution 2 passes.**
- **RECORDING INAUDIBLE** (01:25:30) moves to leave 'Finance as a Whole,' **RECORDING INAUDIBLE** (01:25:31) seconds.
 - **No objections.**

- **Senate leaves 'Finance as a Whole.'**
- *Senate leaves 'Finance as a Whole' and moves back into the Order of the Calendar, hearing line items above \$2,000 in the previous Consent Resolutions, beginning with Consent Resolution 1.*
- *Order of the Calendar:*
- **Bowling moves to adopt the decision of the Committee as the decision as a whole for Consent Resolution 2, Nasworthy seconds.**
 - **No objections.**
 - **The decision of the Committee has been accepted as the decision as a whole for Consent Resolution 2.**

Bills First Reading:

- Bill 1 Sponsored by Senator Murray (P) DuChêne, Garner, Guillamont, Rider, Russell (Co)
To update Student Body Statutes to reflect the mission and operations of the Office of Governmental Affairs more accurately.

Bills Second Reading: N/A.

Constitutional Amendments: N/A.

Resolutions:

- Resolution 1 Sponsored by Senator Bowling & Senator Bettley (P)
To increase awareness for Project Callisto.

- Resolution 2 Sponsored by Senator DuChêne
Waiving Rule 803.7(G) of the Student Body Statutes to allow the Jewish Student Union to use their A&S expenditures for their Spring Banquet.

- Opening Statement:
 - DuChêne: This is that technical Resolution that the director of JSU had previously mentioned. It's in Statutes that **RECORIDNG INAUDIBLE** (02:08:19) cannot be applied for plated dinners. JSU is trying to have a banquet. Two-thirds of this body has to approve of waving this rule. I'm open to any questions.
- Technical Non-Debatable Questions:
 - Gonzalez: How much money will be spent on food?
 - Deferred to Director Gabay.
 - Director Gabay: The total for the entire banquet is \$9,675. The food portion itself is \$5,060. **RECORIDNG INAUDIBLE** (02:09:42), \$1,000 for plating, and about \$1,800 for labor which comes to a total of \$8,175 for the food category. \$1,500 for the services category and the rental category comes to that total of \$9,675.
 - Roy: How many are expected to attend this event?
 - Deferred to Director Gabay.
 - Director Gabay: About 230 people.
 - Diaz: What is the specific reason for the banquet?

- Deferred to Director Gabay.
 - Director Gabay: January is designated as Jewish Heritage Month at FSU. Every agency has their overall big event – ours is this banquet which will wrap up Jewish Heritage Month. We will be inviting keynote speakers soon. This is intended as a celebration of Jewish culture and powerful Jewish people and the successes that the Jewish community has made at FSU and elsewhere.
 - Gonzalez: Why do you need a plated dinner?
 - Deferred to Director Gabay.
 - Director Gabay: We requested a plated dinner due to COVID-19 concerns. A buffet would result in a lot of people crowded around one area for food. Especially now with the Omicron variant, it stressed the importance of a plated dinner where we're more socially distanced from each other instead of gathering around piles of food.
- First Round of Pro:
 - Roy: I feel that this is a very good event to be funding. Just looking at the cost per person is one approach but also knowing what this event is going to be doing – an event that will be bringing a community together. Hopefully people will be interacting with others and building connections
 - Kaminsky: This is a huge event that I'm, personally, very excited for. This is something that should be funded.
 - Tucker: **RECORDING INAUDIBLE** (02:13:30).
- **RECORDING INAUDIBLE** (02:13:30-02:14:22).
 - Murray: ...also money they've allocated in the Sweepings Committee which means that JSU has gone through a very extensive and thorough process for them to get this money.
 - Suarez: Seeing that JSU is **RECORDING INAUDIBLE** (02:15:09).
- First Round of Con:
 - **Gonzalez moves to call the question, Myers seconds.**
 - **No objections.**
 - **The question is called.**
- Closing Statement:
 - DuChêne: I thank all of you for your enthusiasm in supporting the JSU.
- Voting Results:
 - **31 yes, 1 no, 0 abstentions**
 - **Resolution 2 passes.**

Resolution 3 Sponsored by Senator Murray (P) Diaz, DuChêne, Suarez (Co)
 To express support for Britney Spears, increase dialogue on conservatorship, and rededicate focus to mental health issues.

Closing Announcements:

- Roy: My name is Tyler Roy; I just want to introduce myself as the PAC Chair. The way PAC works is that we fund RSO's, Student Organizations, or clubs for any events that they host here on-campus. This can include guest speakers, food, the locations, etc. If you know of any club

that wants to do something but either doesn't have the money or has trouble planning something, they can always come to us - we want to help hear what they want to do and make it happen. That's our job. We have around \$60,000 for the rest of next semester and a backlog of requests because we have not met at all this month, except yesterday (11/30). You will know us as a 't-shirt committee' because we do a lot of t-shirt requests. I would also like to introduce Tyler Roy News which I hope everyone will get a copy of and see me afterwards – it's meant to bring light-hearted fun to Senate and discuss what we'll be hearing each week. We should promote what clubs are doing as they are speaking for students the most.

Officer Announcements:

- Pro-Tempore Nemeth: Congratulations to our Committee leadership. I will be reaching out to all of you soon and making a leadership orientation that I talked about when we did elections so that we are all on the same page on Senate initiatives. It will be sometime before our next meeting in January. Please reach out to me if you have not registered for iClicker – it makes things a lot easier. Please email me with any questions on my personal email as I do not yet have access to my Pro-Tempore email. Everyone not financially certified needs to be financially certified by next meeting in order to vote – I will be making a Canvas post about how to do that. Thank you.
- President Hunter: I love seeing you guys in-person. I would like to ask that if you do come in-person please wear a mask as we do sit close to one another. Secondly, congratulations again to Chairs and Vice Chairs, but additionally you need to be on the lookout for emails. It is an undertaking to be a Chair and a Vice Chair and we have expectations for each of you to meet, so please look for any emails in your inboxes that document your responsibilities and what that role looks like. Actually read your Statutes as it will really help your understanding as it will really help you in the future. Also, keep extending yourself to other Senate leaders – I appreciate it and think it will really encourage a positive environment in the Chamber. Everyone in Senate deserves to be respected and have open communication. Please join the GroupMe if you're not in it already and pay attention to the Canvas. There are also a lot of vacated positions which promote a great opportunity to get involved in Student Government. Finally, liaisons are really important as a way to get to know the student body and vice versa. If you would like to be a liaison, all you have to do is let me know and I'll communicate to the organization. I will be posting a list of the open liaison positions and if they're not filled then I will be assigning roles. Join something you might want to be a liaison for or you might be appointed to something you don't wish to be a part of. Thank you.

Advisor Announcements:

- Jacalyn: Hi everyone! Great job tonight, it was exciting to see all of you participate and have different people moving. I want to reiterate about decorum – if we have that issue again on Zoom we will be moving people to the waiting room, it's just not fair to those that are present and actively participating. We will be discussing that when furthering expectations. Keep in mind that January 8th and 9th will be our retreat. Please keep that on your radar as it will count on your attendance. Congratulations to Chairs and Vice Chairs – I will be sending out an email soon about what's expected for you. Please make sure you are communicating with others. A lot of the questions asked tonight were also asked in the PAC and RTAC meetings which are included in the minutes. Make sure to review those to be more prepared. If you have any questions please reach out; I'm excited to work with you all!
