Moment of Silent Reflection

Land Acknowledgement is read by the Senate President:

The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

Special Introductions and Announcements:

- Richard Rind, Parking & Transportation Services Director

Been at FSU for about a year and a half. Lots of new visitor spaces have been added to campus. Wants to explain why. There were about 130 meters when he arrived and that was woefully inadequate. Wanted to expand the hourly parking. Also removed the meters as hourly parking expanded. Went from less than 1% visitor parking to 2.5% and placed that parking in all parts of campus. Wants to make it easy to find a place, which is the reasoning behind the parking. That goal was achieved as short term parking is now more available. However, the spots were placed by how campus operated and wanted to spread the spots out as most garages are fully used. Tracking how each spot is used and they have noticed that some spots are not used often. These spots can and will be in flux. The spots not used heavily may be reallocated in the future. Hesitant to changes based on possible aberrations, such as COVID. Things with COVID have improved recently, so the Spring should be different than fall. Some areas are not filling up that usually do fill up, but there are exceptions. If there are any questions about the availability of spots, contact P&TS. Opens to questions (No questions)

The best way to contact the office is transportation@fsu.edu so the whole of admin sees the email. Please feel free to reach out beyond tonight. Wanted to also talk about and hear reactions on the issue of an additional type of student parking permit. It has been talked about for some time, including a report from 2016 that recommended it. There are a lot more students and faculty than parking spots, which makes the math hard. FSU has not done a good job of incentivizing students to not bring their car, which has caused a

capacity problem, especially during the week. Other experts have said how cost can effect demand. Pricing can encourage others to leave their cars at home and use other forms of transportation, such as the bus system and the evening service. The transportation advisory group is looking into putting down a cost for parking permits, possibly around \$100-125. If cars were reduced by about 10-20%, the capacity problem could be solved without building new garages, which is cost prohibitive. Previously, FSU has tried to build its way out, but that is not a sustainable solution. The idea is that a permit fee could help to improve the system. Wants to pave the gravel lots and conduct other improvements, which costs money. There are around 2 dozen lots in various states of repair and these improvements can save costs in the long run. It's never popular to ask people to pay for something that was free, but we need to do something. People are not happy, but people want to see improvements. Opens the floor to senators.

Bowling: The issue with a parking fee is that it disproportionately affects low income students. How would you address this problem?

Rind: By charging a reasonable fee. Apartments charge up to \$500/semester, which we don't want to do. There is access to the Heritage lots, and the idea could be to maintain those being free for those who need it. There are bus routes that go to Heritage which could be used if needed.

Linsky: What is the net take on citations and fees?

Rind: Need to check that, but citations were down in COVID times. What would be most valuable to provide is the total is a normal year. Don't have that but can follow up. It's not a huge income generator, its mainly about education. The biggest issue is that people park with unregistered cars. It is a revenue stream, but they'd rather sell a permit than punish for not registering.

Linsky: Is there a month where citations spike? I expect that to be the first two weeks of the month. The system doesn't carry over license plate info from year to year, which gets people. Where does the money go?

Rind: To paying for daily operations. Restriping lots, replacing stolen signs. There's been a rash of sign theft recently.

Edouard: What about a fee waiver for low income students?

Rind: It's something to include, nothing should be thrown out. Perhaps can copy the formats used by other departments.

Edouard: Would you say that parking operations are under control?

Rind: Yes it is. There are no substantive changes from pre-COVID to now. It is running smooth this semester. I shutter to think how we'd function at full capacity. It's been smoother than before I arrived, but that's mainly due to COVID.

Edouard: Where will the money go and how will the process be handled?

Rind: We were not making ends meet beforehand. The vehicles are out of date and need to be enhanced. Wants to enhance EV charging and biking infrastructure. Any dollars collected stay within Parking, they don't leave. Some of the fees that are paid on other services could be free in the future if we have more money. Would love to absorb some of these things if we could cover the costs. Only 4 EV chargers currently, but would like to expand that further as they are used every day. Would like to hear students out.

Nasworthy moves to allow a non-senator to speak, Gonzalez seconds, no objections.

Speaker Hagemeyer: Have you considered a carpooling lot?

Rind: That's a good idea, and could be a good priority. Could be a portion of the parking lot.

Vanderlay: Thanks Rind for evening out one of the gravel lots recently. It would be expensive to add drainage to the slanted lots, so have they considered porous concrete?

Rind: Yes, we have! Its in some parts of campus, and will be looked at further. If it could be done in one time, that could reduce costs further. The city would probably want a say on this too. A lot of these lots were previously FSU buildings that were torn down and gravel was added to the lot. It's a maintenance nightmare, and a safety issue.

Guest: is there a way to have dismount zones? (For biking)

Rind: We did have that at my previous school. Some bike riders do not like it and enforcement would not be easy. If you think there are places that it could be used please reach out. Haven't seen a whole lot of bike riding at FSU, but also hasn't seen many intersections that make him feel uncomfortable.

Guest: Is there a way to have on-campus electric bikes?

Rind: Yes, because it could be a revenue source. It's a very hilly campus, and such bikes could help deal with the hilliness. Would be interested in adding it to campus.

Please keep the feedback coming. Have a good night!

Messages from the Executive Branch:

Messages from Agency and Bureau Directors, SGA Organizations Officers and Employees: Brandon Gabay, JSU Director:

Good evening Senate,

I have a few things tonight so please bare with me. First, as many of you know the budget bill is up tonight. I know there may be concerns about giving the newest agency \$20,000, so I wanted to address that. We have put in a lot of work to get to where we are. We have a lot of events to engage with our community. With this budget, it will allow us to plan an incredible year for our first budgeted year. Even without a budget this year, we are able to greatly engage with our community members.

Next, there is a bill tonight to fund JSU \$275 from Senate Projects to get us more hand sanitizers. We had a grant prior to this school year that allowed us to purchase 150 hand sanitizers. We have nearly run out of hand sanitizers with it being our most used merchandise. So we are requesting more due to how popular they are.

Next, 83 year ago yesterday was Kristallnacht, the night of broken glass. This night is known as the official start of the Holocaust. On Kristallnacht, Jewish homes and businesses were ransacked, and the transportation of Jews to concentration camps began. During this time, 267 synagogues were destroyed, over 7,500 Jewish businesses were ransacked and damaged, and over 30,000 Jewish men were taken to concentration camps. May we never forget.

Also, as many of you may have seen, there was a post on Instagram made by a student saying that their roommate overheard their suite mate shouting the k slur. The K slur is a traditionally used hate word against religious and ethnic Jews. I do know which student made this post, and I along with my advisors are hoping to have a meeting scheduled with them soon.

Finally, I know tonight is going to be a long night, so if you need me to do anything for you please let me know, even if that's going to the Starbucks and bringing back coffee. I brought a lot of snacks with me

tonight and they are individually packaged, so if you get hungry please come find me and I'll get you something to eat.

Have a great final Senate tonight.

Rawan Abhari, OGA Director: Appreciates Senate for speedy hearing of LA, especially so it can be heard before the end of the 73rd Senate. Thanks specific senators for their work. Everyone can make contributions, nothing will be seen as combative.

Kenley Adams, MHC Director: Congratulates the Senate on their work. MHC has some great events on the way. Executive board candidates will be coming through IA as a whole and it is important to get these board members. These candidates have the MHC's full support.

Ash Soto, PSU AD: Next week is transgender day of awareness. Gender Odyssey is holding several events next week, so look for that. PSU will hold a march in late November at Railroad Square and hopes to see allies come out to the march.

Messages from the Executive Cabinet:

Quentin England, Secretary of Appointments: Two quick announcements for SBVP. DSA and Exec will be holding coffee hour with Dr. Hecht and several students are selected to meet with her. Homecoming apps are open and will be for the next week. If you are interested, please apply.

Messages from the Class Councils:

Messages from the Congress of Graduate Students:

Chris Hagemeyer, Speaker: COGS passed a resolution saying that they will fund the childcare center and their portion of overhead as well as the Globe. This was done to alleviate budgetary issues. Grad student social will be on Friday, and you need to RSVP for that. Link is on the COGS Instagram.

(He brought cake for Sine Die, Harmon thanks him for it)

Opening Statement:

Gonzalez: Close your eyes and think. We have \$14.6 million to spend. Union and Campus rec each requested \$6.5m. Union and Rec had to each take a cut, and Central Reserves needed to be reopened. The plan that was negotiated was to take \$200k+ from CR and allocate to the Union. This bill was made with student life at the forefront of allocations. Prioritizing Diversity and Inclusion. Agencies are on the forefront of that and deserve more money. BSU once had a budget of \$90k, but was then cut to \$20k. We have raised every agency. All wages were raised in order to help SGA function and hope that there is support for that.

Randall moves to unlock Section IV (G) of Proviso, Lessard seconds, Marcus objects, not withdrawn.

Opening Statement:

Randall: I want to unlock this because the current language is illegal and unenforceable. Wants to ensure the current idea and to bring it in line with statutes.

Marcus withdraws objection.

Vote: 28-1-0

Randall moves to amend Section IV (G) of Proviso to strike the entirety of the section and insert “Homecoming shall not endorse, affiliate with, or publicize any activities associated with the Burning Spear organization. This decision is based on the Senate’s opinion as expressed in Resolution 9 of the 73rd Student Senate.”, Little seconds, no objection, friendly.

Randall moves to unlock Section V (J) of Proviso, Nasworthy seconds, Gonzalez objects.

Opening Statement:

Randall: Need to unlock the line because two entities are being funded for the same thing. Might need to be changed moving forward and this would open the door to discussion at the next budget. We should have the option open to consider.

Technical, Non-debatable Qs:

Linsky: Is it usual for budgets to constrain future budgets?

Randall: No, its just a recommendation

Lessard: This is just a recommendation?

Randall: Yes

First Round of Pro:

Lessard: In favor because it is just a recommendation

First Round of Con:

Gonzalez: Budget should not make policy for other budgets. Budget week is there to deal with the current budget, not future ones. Recommendations could turn into law if it's copied onto the next one.

Linsky: (Knocks over soda, issues expletive) This could be a resolution, shouldn't waste our time on it.

Tackett: We worked hard on the proviso. Our brains are fried after fixing it. We didn't want to make a recommendation as it could break viewpoint neutrality. Urges a no vote.

Nasworthy moves to call the question, Roy seconds, no objections.

Closing:

Randall: Respectfully disagrees with the bill sponsors. Things were restated to ensure it happens in the future. Need to hint that orgs shouldn't double dip. If you vote no, we move on.

Vote: 8-21-0 FAILS

Randall moves to unlock Section VI (B) of Proviso, Lessard seconds, no objections. Vote: 28-0-1

Duchene moves to lock Section VI (B) of Proviso, Hunter seconds, no objections. Vote: 28-0-1

Harmon: I like this pinky drinky thing.

Randall moves to unlock Section VII of Proviso, Lessard seconds, no objections. Vote: 30-0-1

Randall moves to amend Section VII (A) of Proviso to add “The Senate shall be informed during their next regular meeting if any person deems any part, provision, or representation of this Bill prohibited, void, or unenforceable at any time.” At the end of the section and to add “I” to the header to correct the numeral, Lessard seconds, no objection, friendly.

Duchene moves to lock Section VII of Proviso, Nasworthy seconds, no objections. Vote: 28-0-1

Randall: Would like to speak in pro due to the large amount of time taken in making this. An emphasis was placed on student life in every proviso line and line item. Wants to thank the budget committee and Chair Gonzalez for the work. The BSU increase is incredible and helps to improve programming. Some items have been doubled. This is an unprecedented investment in student life. You should be proud in what we're about to do.

Lessard: Wants to commend the committee for the bill. Budget week is an extensive process and the mental drain must be immense. The JSU got budgeted, which will help push their presence, which is encouraging. Can't wait to vote yes.

Linsky: This is the most important thing we do. \$14.6m taken from every student. This is what state law gives us dominion over. Cannot think highly enough of the committee. Often, Admin asks too much, but the committee shows we can push back.

First Round of Con:

Randall: There were several areas I disagreed with. One is giving part overhead COGS. We made the amendment to benefit grad students. SAP has an issue with being underfunded. SBT provided an inaccurate budget for the SAFE bus. The director of SAFE Connection to say that the budget is approximately \$100k. Given how easy it was to find this answer, it is odd how it was presented by the SBT to the committee. This could border on an impeachable offense.

POC Gonzalez: Treasurer Gray didn't receive the first email, so he didn't know that he had to submit the supplemental request and had to submit on the day it was due. We wanted to extend an olive branch.

POC Randall: The response came within 30 hours.

Lessard moves to call the question, Marcus seconds, Linsky objects, withdrawn.

Second Round of Pro:

Linsky: The union was able to be less reliant on Students, especially as they found the money to make up part of the shortfall. Overhead has ballooned and we are not allowed to know what the actual costs of Overhead is. We shouldn't stop asking questions in future senates. If you want to make the most impact, join budget and do the research. Ask if we are the ones who need to fund salaries and take on roles. The question that should be asked is: Can we do better next year? To pry away money like this is a great accomplishment of the committee.

Edouard: Agrees with the bill but has issues with the funding for the class councils as they are funding three ways. Because they can't go to PAC, it has made issues for funding events.

Second Round of Con:

Edouard: These events are for the next few years and are going to be the next big spring traditions. Doesn't want the next council to have to go through the fiscal issues the current council faces.

Lessard calls the question, Edouard seconds, no objection

Closing Statement:

Gonzalez: Thank you for your time. Every line item got an increase. We can't fully fund everything, but we tried our hardest. We fought with Dr. Hecht to make this work.

Tackett: There were blood, sweat, and tears shed. This is my most important piece of legislation. When I'm gone, advocate as hard as we did. Please fight.

Bettley: It was fun, even though it was a long process. We spent a while figuring out where the money would go.

Vote: 34-0-0 **Budget Passes**

Bill 64

Sponsored by Senator Roy (P) Nasworthy (Co)

Sponsored by Senator Gonzalez (P) Tackett, Barker, Berger, Bettley (Co)

To transfer 285,000 from Central Reserves to the Union to subsidize their Budget shortfalls for the 2022-2023 Fiscal Year. **REFERRED TO BUDGET, 11.03. PASSED IN BUDGET, 11.09.**

Opening Statement:

Gonzalez: This is transferring that money to cover the budget shortfall. Needed to avoid a veto.

Technical, Non-Debatable Questions:

First Round of Pro:

Linsky: The last time we went into central reserves, we got vetoed. Some of us fought hard to get that money back and we did. We have about \$2.3m in there. CR is there to cover budget shortfalls, so this is the time to use it. We're just using the funds to cover the budget shortfalls. This is some great negotiation by the committee.

Hunter: This is the best conclusion that could come out of the budget process. Pass it expeditiously.

Roy: Great work, needs to be passed. Let's get the union more CR funds.

First Round of Con:

Roy moves to call the question, Nasworthy seconds, no objections.

Closing Statement: waived

Vote: **PASSES**

**Nasworthy moves to exit CR as a whole, Meyers seconds, no objection
Gonzalez moves to accept the decision as the decision of the whole, Hunter

Opening Statement: Textboko affordability, reinstating bright futures book stipend, equitable tuition, legislative priorities for fsu, renaming bk Roberts, funding maglab, voter accessibility, health, affordable care act, Medicaid, safety. LA is important bc it's OGA's way of communicating with our gov officials. We are mock gov here at SGA, but OGA can make changes on local, state, and federal level. Assume you have all read LA, and hope you have sent amendmnts planned to Abhari and myself.

Technical, Non-Debatable Questions:

T. Murray: Was there discussion of raising A&S Fees?

Hunter: Not in the original resolution

First Round of Pro:

Randall moves to amend to correct the spelling of "compiled", Tackett seconds

Opening Statement: Need to fix the spelling

Director's Opinion: Agreed

Technical, Non-Debatable Questions:

First Round of Pro:

Marcus: Good job Senator Grammerly

First Round of Con:

Nasworthy moves to call the question, Edouard seconds, no objections.

Closing Statement: Waived

Vote: 28-0-0 **ADOPTED**

Randall moves to amend to strike "university" from the first whereas clause, Nasworthy seconds

Opening Statement:

Randall: OGA is supposed to be for local, state, and federal government. It's not here to advocate to the university. That's the job of the rest of SGA. Like the university ideas, but that's for a separate time.

Director's Opinion: Disagree because it is in our mission statement. Stuff we advocate for interacts with the campus and we need to talk to the administration. We are a public university, so there is a tie between our university and government. Campus carry is something that is both in the university and in state entities. We don't just ask the state for money. We cannot just be external. The exec branch's task list is too long. Why can't we just initiate these meetings. It is naïve to think that we don't handle things at the university level. There are some things we don't agree with. I'd be operating blindly without it.

Technical, Non-Debatable Questions:

Preshia: Did you read the OGA mission statement?

Randall: Yes, I looked in statutes

Preshia: Did you see the statement mention the university community?

Randall: its not in statutes

Linsky: Where is BK Roberts Hall?

Randall: FSU Campus, but it needs to be fixed in the legislature

Linsky: What other buildings does OGA want to rename?

Randall: I don't know.

First Round of Pro:

First Round of Con:

Randall withdraws

Randall moves to amend to add "2022 regular Florida" to the second whereas clause, Nasworthy seconds

Randall: No

First Round of Pro:

First Round of Con:

Nasworthy moves to call the question, Duchene seconds, no objections.

Vote: 32-0-0 **ADOPTED**

Randall moves to amend the third whereas to read "The Florida State University Student Government Association (FSU SGA) recommends the following to the

Florida Legislature to enhance student life and learning in the State of Florida, and”, Nasworthy seconds

Opening Statement:

Randall: This is the best opportunity to talk about. There will be a local and federal legislative agenda coming down the pipeline. Three documents so we can show each level their legislative agenda. The whole point is to do four different agendas so we hit every level of government.

Director’s Opinion: Agreed.

Technical, Non-Debatable Questions:

Linsky: Who’s doing the city agenda?

Abhari: Khamare Garner

First Round of Pro:

First Round of Con:

POI Preshia: This is only for the State of Florida?

Randall: Yes, this is only state level issues

POI Preshia: So we will be removing other items that are for different agendas?

Randall: Yes, they’ll come through different agendas

Nasworthy moves to call the question, T. Murray seconds, no objections.

Closing Statement: waived

Vote: 28-0-0 **ADOPTED**

Randall moves to amend the fourth whereas to read “Whereas: FSU SGA strongly supports making textbooks more affordable by the reinstating of the Bright Future Book Stipend, and”, Nasworthy seconds

Opening Statement:

Randall: This improves clarity and removes a footnote

Director’s Opinion: We have two textbook points because issues about the stipend has been raised so we want to provide an alternative. Agreed.

Marcus moves to call the question, Nasworthy seconds, no objections.

Randall moves to amend to strike “& Relevant” from the second heading. Nasworthy seconds

First Round of Pro:

First Round of Con:

Nasworthy moves to call the question, Edouard seconds, no objections.

Randall moves to strike the sixth whereas in its entirety, Nasworthy seconds

Withdrawn

Randall moves to amend the seventh whereas to read “Whereas: FSU SGA supports enhanced training for students, faculty, and staff in the areas of religious tolerance and racial awareness, and”, Nasworthy seconds

Opening Statement:

Randall: This was an interesting one. Rawan had spoken to AVP Chong. The issue isn't that faculty isn't trained. SGA encourages training. The issue is advertisement of resources. When the university one comes down the line, we will talk about advertising resources.

Director's Opinion: Approved.

Technical, Non-Debatable Questions:

Preshia: This deals with university level stuff?

Randall: No, this goes to the Legislature. The goal of this resolution is to affect state policy.

Guillamont: Does this clause deal with the university?

Randall: You could argue that everything is a university issue, this needs to be heard on a university level.

Guillamont: And we're sending this to the legislature?

Randall: Yes.

First Round of Pro:

First Round of Con:

Gonzalez: Don't know how to feel about this. Would argue that this is a lobbying issue.

POC Linsky: Title IX is a federal law

Little moves to call the question, Pfeffer-Ferguson seconds, no objections.

Closing Statement:

Randall: It is an issue that effects a lot of people. We agreed that the best use of resources is to pour them into advertisement, so everyone is aware.

Vote: 20-8-1

Randall moves to amend the eighth whereas to read “Whereas: FSU SGA supports educating students on the diverse life experiences of minority populations by opposing the restrictive measures in HB57, and”, Lessard seconds

Opening Statement:

Randall: HB 57 is a particularly interesting bill. Appreciates OGA Director working to say the right thing at the right time.

Director’s Opinion: Approved. HB 57 is the Florida equivalent of banning Critical Race Theory and D&I work. In addition, it audits the university. We were trying to figure out how to attack this while being successful. This is the language we came up with.

Technical, Non-Debatable Questions:

First Round of Pro:

Hunter: This is something I made comments on. It’s important to critically examine the language in it. HB 57 prohibits state agencies from providing mandatory trainings that involve D&I, which is something we do.

Roy: We need better perspectives about how our laws and history impacts different minority groups.

POI Guillamont: Does HB 57 ban the teaching of Critical race theory or the mandatory teaching of CRT?

Hunter: it bans the teaching of CRT and requires audits of training programs. The bill is on their website

First Round of Con:

Nasworthy moves to call the question, Stewart seconds, no objections.

Closing Statement: waived

Vote: 29-1-0 **ADOPTED**

Randall moves to amend the ninth whereas to read “Whereas: FSU SGA recognizes the opportunities for students provided by the out of state tuition waiver for high school children of undocumented immigrants and supports the continuance of the program and the expansion to graduate students, and”, Nasworthy seconds

Opening Statement:

Randall: The waiver only applies to high school students. The 2017 Agenda had an interesting point that wanted to expand the program for grad students. We should support grad students who are undocumented.

Director’s Opinion: Approved. There is a bill in the House to remove this, but the rep’s bills rarely pass

Technical, Non-Debatable Questions:

Guillamont: Would it be easier for a grad student who is the child of an undocumented immigrant to have a fee waived than a legal immigrant?

Randall: It's a good question and should come up in a future agenda, especially the federal one.

First Round of Pro:

Tackett: We need to support undocumented students at the university. We need to advocate for them on the federal level.

POPP Marcus: It's hot

Jacalyn: They're working to get it back.

First Round of Con:

Nasworthy moves to call the question, Lessard seconds, no objections.

Closing Statement: Equalize the playing field

Vote: 29-2-0 **ADOPTED**

Duchene moves to add a new whereas after the ninth whereas to read "Whereas: FSU SGA supports funding for the construction and maintenance of an interdisciplinary Center for Native American & Indigenous Studies, as recommended by the FSU President's Task-Force on Anti-Racism, Equity, and Inclusion, and as supported by former President John Thrasher, and", Nasworthy seconds

Opening Statement:

DuChene: This amendment is a long time coming. Had conversations with faculty. The provost is putting together a committee to create this program, but we need funding from the state.

Director's Opinion: Approved.

Technical, Non-Debatable Questions:

First Round of Pro:

POI Randall: Is there any way we can work with the Seminole Tribe to advocate on the issue?

Abhari: Absolutely. The Task Force did its due diligence and so did the amendment's sponsor.

Marcus: Since our school uses Seminole imagery, we should support this amendment.

First Round of Con:

Nasworthy moves to call the question, Edouard seconds, no objections.

Closing Statement: The Tribe will be consulted heavily on this and the issue of a university-wide land acknowledgement.

Vote: 30-0-0 **ADOPTED**

Randall moves to add a new whereas under “Legislative Priorities” header, which reads “Whereas: FSU SGA supports the legislative priorities of the Florida State University with a specific emphasis on renaming B.K. Roberts Hall and funding for Critical Electrical Infrastructure at the National High Magnetic Field Laboratory, Integrated Advancement for the Joint College of Engineering, and the Veterans Legacy Complex, and”, Nasworthy seconds

Opening Statement:

Randall: This fixes redundancies and consolidates several points into one. BK Roberts hall has been a big issue. Mag Lab is highly important to FSU’s standing in the STEM field. The SVC needs more money to be made. We support student vets and should continue to

Director’s Opinion: Approved. BK Roberts is a big priority

First Round of Pro:

First Round of Con:

Edouard moves to call the question, Nasworthy seconds, no objections.

Closing Statement: waived

Vote: 29-0-1 **ADOPTED**

Tackett moves to add a new whereas under the “Legislative Priorities” header which reads “Whereas: FSU SGA supports increasing local fees for students if recommended by the FSU Local Fees Committee, and”, Nasworthy seconds

Opening Statement:

Tackett: We had issues with the budget. No matter what the recommendation is, I want OGA to fight for the decision. I hope it's an increase, but I want them to advocate either way

Director's Opinion: Disapprove due to members of the board disagreeing.

Technical, Non-Debatable Questions:

Hunter: When does the Local Fees Committee meet?

Tackett: The VPSA must call them first.

POC Rowan: I believe there was a local fee committee last year, but it got scuttled.

First Round of Pro:

POC Gonzalez: They did meet last year, but the Board of Trustees disagreed with not increasing the athletics fee.

Gonzalez: The minimum wage increase is squeezing the budget hard. We need the local fee to increase in order to allow for union and campus rec to be funded.

POI Marcus: Is it supporting an increase or is it supporting fully?

Tackett: That might be an issue

POC Linsky: You can't decrease the fees

Linsky: You can raise local fees so long as the increase is no more than 5% total. We've been losing out to the other bodies in the fee. While it might be a problem in an election year, we should still fight for it.

POI Guillamont: When Campus Rec crunched the numbers, did it take benefit increase into account?

Gonzalez: No, it just took the wage into account.

Roy: We are one of the few schools that don't automatically raise the fee and it shows

First Round of Con:

Pfeffer-Ferguson moves to call the question, Vanderley seconds, no objections.

Closing Statement:

Tackett: We have the lowest fee in Florida. Our constituents want to use our resources, but they can't because of the financial issues. OGA should advocate for our local fee committee. They want to go to the Leach, they want to go to the Rez. Vote in favor.

Vote: 28-1-1 **ADOPTED**

Randall moves to amend the first whereas under the "Accessibility" heading to read "Whereas: FSU SGA supports efforts to increase voter accessibility by implementing and automatic voter registration in the State of Florida, and", Nasworthy seconds

Opening Statement:

Randall: This fixes a minor issue about it addressing just the legislature. It's simple

Director's Opinion: Approved

Technical, Non-Debatable Questions:

First Round of Pro:

Marcus: Why there are laws to automatically sign people up for the draft, but not to vote is beyond me.

First Round of Con:

Nasworthy moves to call the question, Lessard seconds, no objections.

Closing Statement: waived

Vote: 27-1-0 **ADOPTED**

Randall moves to strike the second whereas clause under the "Accessibility" heading, Nasworthy seconds

Opening Statement:

Randall: This is to move the university issues to a different agenda. The easiest way to get this long overdue change is to tackle it on a university level. Yes its an important issue, and should be supported by anyone with decency. The way to do it is on a university level.

Director's Opinion: Thanks the sponsor. Apologizes for changing her mind. Wants this issue on both agendas because there is a state element. When you strike this, it removes a guarantee that it will be tackled. Why not have it on both agendas. Disagrees.

Technical, Non-Debatable Questions:

First Round of Pro:

First Round of Con:

Lessard: it costs \$400 to change your name in Florida. Chosen names are very important for the LGBT community and even for those outside the community. We should keep it on the agenda, even if its just on the university level. Names are the baseline of respect. We need to respect these students. No one should have to see their deadname in university communications.

Nasworthy moves to call the question, Gonzalez seconds, no objections.

Closing Statement:

Randall: The most effective way of doing it is getting it enacted. Have Florida State be the example by dealing with it on a university wide level. That's the best way to start this conversation. Let's start at Florida State.

Vote: 8-24-0 **Not Adopted**

Randall moves to add under the "Health" heading a clause which reads "Whereas: FSU SGA supports expanding Medicaid eligibility as allowed under the Affordable Care Act in alignment with thirty-nine (39) other states, and" Nasworthy seconds

Opening Statement:

Randall: Why, in 2021, are we in a place where Medicaid is not expanded. Those that qualify should get it. Give them the access. This pisses me off, because it should be common sense. It's wrong in the state of Florida

Director's Opinion: Approved. FSU is trying to expand Medicaid, but it's a major issue due to Florida not expanding. It is urgent and important.

Technical, Non-Debatable Questions:

First Round of Pro:

First Round of Con:

Nasworthy moves to call the question, Little seconds, no objections.

Closing Statement: waived

Vote: 28-1-0 **ADOPTED**

Randall moves to add under the “Health” heading a clause which reads “Whereas: FSU SGA supports a requirement for all students to have health insurance upon enrollment in a State University System or Florida College System institution, and”, Nasworthy seconds

Opening Statement:

Randall: One of my family members is a part time student in florida. For the longest time, they didn't want to get health insurance. There was a worry about if anything happened to them. What if we could make it so everybody from every college had the push my brother never had. What if we could do that? That's what this amendment does.

Director's Opinion: Approved. Understands that this adds an expense to students, but if you require everyone to do it, premiums will go down. Having health insurance is important and it makes it cheaper.

Technical, Non-Debatable Questions:

First Round of Pro:

POI Preshia: Do other colleges have their own healthcare for those who can't get it?

Abhari: They offer it, but you aren't required to buy it

Randall: Yes, and they have their own policies on it

First Round of Con:

Gonzalez moves to call the question, Nasworthy seconds, no objections.

Closing Statement: waived

Vote: 27-2-0 **ADOPTED**

Randall moves to strike the whereas clause under the “Health” heading a clause which reads “Whereas: FSU SGA urges the Florida legislature to mandate the health fee for all SUS students as online SUS students are permitted to forego the university health fee and that students who forego the university health fee are denied university health services in times of need, and”, Nasworthy seconds

Opening Statement:

Randall: This is stricken through because the last amendment solved the issue in an easier manner.

Director's Opinion: Approved.

Technical, Non-Debatable Questions:

First Round of Pro:

First Round of Con:

Nasworthy moves to call the question, Pfeffer-Ferguson seconds, no objections.

Opening Statement:

Randall: This clarifies things and says it in a more efficient manner. This reduces the strain on our University Health Centers

Edouard moves to add under the “Legislative Priorities” heading a whereas clause which reads “Whereas: FSU SGA supports the renaming of the Doak Campbell Stadium to a name that is inclusive and supportive of the entire student body, and”, Gonzalez seconds

Opening Statement:

Edouard: The university should not associate with those who supported racism and discrimination. Doak Campbell pushed to prevent black players from playing on the football team. If it were up to him, I wouldn't be a student here. Supporting him is supporting racism

Director's Opinion: We expedited the process to get it here before you adjourn. There will be another agenda that will go to the 74th. I cannot speak for the whole board, especially when that includes people from every branch. Furthermore, we must communicate with university admin and we haven't yet. Admin has decided not to take action on this. We would be contradicting both of these groups if we go to it. I cannot speak on their behalf. Disapproves.

Technical, Non-Debatable Questions:

Guillamont: Did you speak to any FSU staff?

Edouard: No, but there has been many conversations about this issue. There have been issues with the former university president, but that is not what's important.

Roy: Has any current or former players spoken against the name?

Gonzalez: Yes, but many are afraid to speak out.

First Round of Pro:

POI Hunter: Is there a reason you didn't go to the OGA board?

Edouard: This issue is still important.

POC Hunter: It's important to get this in so the conversations can happen.

POI DuChene: Since the Task Force recommended against renaming, what do you think the Legislature, in its current shape, will do about it?

Edouard: It's important to still talk about the issue

POPP Marcus: The iClicker app has died.

Harmon: text Renee

Gonzalez: This should have gone to the board, but we have the final say so we should consider that. Plus the senate has passed resolutions on this issue. On the task force, it was the only split vote. It's unfortunate to see football players have these issues pushed on them. To have black players play in a stadium named after a slave owner is so wrong that we should advocate to change.

Linsky: This is a big burden to ask, but there may be room to settle. Why not shoot for the moon?

First Round of Con:

IAD Puwalski: I don't support it at this time. Senator Hunter is our wonderful liaison and if this came earlier, we could have had these conversations. Senator Randall worked with us, and we were able to make changes. We can commit that conversations will be held after this meeting. We will come with a new agenda. This was done in a weekend. There will be a new agenda coming forth.

Second Round of Pro:

Linsky: Everyone knows about Doak Campbell, but this is a hard thing to do. It's our job to ask them to do the hard things. Saying that we'll have a conversation won't solve it. If we leave it off the table, it won't be using our advantage.

POC Hunter: It is not a fair assumption to make for students

Roy: As a history major, I understand the issue. I want to see discussions, but I want to see it done. It's in front of me and I want to see it changed. It is the right thing to do. We don't need a name like Doak Campbell on our stadium when we win our next championship.

Second Round of Con:

Hunter: In Duchene's amendment, we were vocalizing the actions of the Task force, but this doesn't. We might want to ponder changing the previous language if we are going to oppose the task force.

POI Gonzalez: We would have to leave the caucus before amending again?

Harmon: Yes

POI Roy: Does it conflict?

Hunter: It doesn't but its wacky to take a different position.

Guillamont: I don't think this is the right time. We have had academics speak out against the change.

Puwalski: (Begins to speak but is shouted down by senators raising point of order)

POO Edouard: I thought he couldn't make an opinion, but now he is?

Puwalski: The board decided that there will be another iteration of the agenda. If it's not on there, the board suggests another amendment, but give the time to talk before bringing it up.

Third Round of Pro:

Third Round of Con:

Wood moves to call the question, Nasworthy seconds, no objections.

Closing Statement:

Edouard: When race is involved, it's difficult, but we shouldn't stop fighting. Every time we have this discussion, we get closer. This is the last time for the 73rd to speak on this. I ask you to vote in favor.

Vote: 27-4-0 **ADOPTED**

Lessard moves to waive Rule 8.1, Gonzalez seconds, no objection

Marcus moves to add under the “Equitable Education” heading a whereas clause which reads “Whereas: FSU SGA urgently supports enhanced efforts to create an Asian American Studies program at FSU to promote instruction in the history of Asian Americans and Pacific Islanders, and”, Nasworthy seconds

Opening Statement:

Marcus: This was something proposed when the first clause was struck. Keeping this in because there isn't an Asian American Studies program. A big push is “We Belong”. AASU has had events on this and focused on it in homecoming. We should support it

Director's Opinion: This should be on an agenda, but not the state one. Disapproved

Technical, Non-Debatable Questions:

Gonzalez: Do other studies programs get state funding?

Marcus: I don't know

First Round of Pro:

POI Randall: Is there a reason this is on the state agenda?

Withdrawn

Preschia moves to add under the “Health” heading a whereas clause which reads “Whereas: FSU SGA supports the addition of mental health counselors in individual colleges in order to best support the tailored needs of students as well as creating a better method of ensuring that students who need counseling are able to, in spite of a session limit, and”, Lessard seconds

Opening Statement:

Preschia: This health need to be prioritized and this does so

Director's Opinion: Approved.

Technical, Non-Debatable Questions:

Randall: Does the other language cover what this covers?

Preschia: I believe it supports it

Randall: This focuses on on-campus?

Preschia: Yes

First Round of Pro:

First Round of Con:

Lessard: Wants to commend the OGA for a great legislative agenda. While not every priority is covered, a majority are.

Gonzalez: Wants to commend Hunter and the OGA board. This is the best agenda in 3 years.

Marcus: If we did all that and don't pass this, I swear/

Linsky: We gave yall a hard time on stuff, but we are thankful for your work. The agenda has previously been shoved down senate's throat and this hasn't been as much.

First Round of Con:

Nasworthy moves to call the question, Meyers seconds, no objections.

Closing Statement:

Hunter: On behalf of OGA, we appreciate the time taken by the Senate. The board is very appreciative and are hoping to have four agendas in total. This won't be the last one.
