### Land Acknowledgement:

Chair Khosh: The Student Government of Florida State University acknowledges that it is located on land that is the ancestral and traditional territory of the Apalachee Nation, the Miccosukee Tribe of Florida, the Muscogee Creek Nation, and the Seminole Tribe of Florida. We pay respect to their Elders past and present and extend that respect to their descendants and to all Indigenous people. We recognize this land remains scarred by the histories and ongoing legacies of settler colonial violence, dispossession, and removal. In spite of all this, and with tremendous resilience, these Indigenous Nations have remained deeply connected to this territory, to their families, to their communities, and to their cultural ways of life. We recognize the ongoing relationships of care that these Indigenous Nations maintain with this land and extend our gratitude as we live and work as humble and respectful guests upon their territory. We encourage all to learn about and educate others on the contemporary work of the Indigenous Nations whose land we are on and to endeavor to support Indigenous sovereignty in all the ways that we can.

- *Assistant Director of Mental Health Council - Emily Maglin*
  - Presents a signed copy of Florida Resolution 1812!
  
- *OGA Director*
  - Hey everyone! So I just wanted to come up here and speak a little, OGA worked really hard this year with this piece of legislation. When we first started, I was really excited to work with Emily on this, and it is really special to see it come to life, see a signed copy in front of us from the Florida Legislature. I can't thank her enough, I cant thank Joseph enough and Jack for everything! Without Emily, these words on this bill literally would not be here. I would also like to present Joseph with an official copy of the bill, and Jack. Thanks everyone!
  
- *Supervisor of elections - Spencer Greenwood*
  - Good evening everyone. It is finally over! You are all good, give yourself a round of applause. I want to start off by saying, I am so proud of every single one of you. For your participation, civic engagement. Regardless of the results tonight, you should be proud that you put everything out there today. Do not have feelings of regret. Please know from the bottom of my heart, that you all did the best you could, and I respect the heck out of you guys. This election cycle was the best, and the smoothest. For voter turnout, our total turnout was 6,496, it fell short of getting more than 7,000, I am still proud of everyone who voted. An election this cycle was decided by one vote, that has never happened in my entire time here.
    - See SGA Website for Election Results.

- *President - Joseph Cofer*
  - Thank you for all being here. What happened today is in the past, we are here to build on one another, the work we do here is incredible.. Take care of yourselves, and I am excited to welcome the new faces. You are more than election results.

  - Thank you Mr. President! I notice several of you are stealing my tag line. Thank you sincerely to everyone in this room for standing up and being leaders. So whether you are on the ballot or not, thank you for your service, it takes courage to do this, and it takes resilience to bounce back from that. You all will bounce back and so thank you. It is a special thing to have the honor to work with you all. For those of you who did not win the race, we will miss you deeply and sincerely but I hope not for long. We are here for you and like I said, after the Fall election results, you guys will always be part of the SGA. Don't be gone for too long. I love you all and I am so proud of all of you. Have a great spring break, get recharged, and be safe!
